Answer

THE MINISTER OF STATE IN THE MINISTRY OF HEALTH AND
FAMILY WELFARE

(SHRI FAGGAN SINGH KULASTE)

(a) to (d) There are 29093 and 36090 medical seats (MBBS) in Government and Private Medical Colleges respectively in the country. Permissions for starting of a medical college/ yearly renewal permission/ recognition of degree is granted by the Central Government on the recommendation made by the Medical Council of India (MCI) after assessment of facilities available as per regulations prescribing minimum requirements in terms of infrastructure, faculty and clinical material. The medical colleges which fail to meet the required standards are not given permission/ renewal permission/ recognition. The Government does not centrally maintain data of vacant posts in medical colleges. It is for the respective State Governments/ Institutions to fill the vacancies as and when they arise.

(e) The Government Institutions are covered under the reservation policy of the Government.
