Answer

MINISTER OF STATE FOR STEEL, MINES AND LABOUR & EMPLOYMENT (SHRI VISHNU DEO SAI)

- (a) A comprehensive scheme has been completed to rationalize training modules in the scheme in order to improve employability. While rationalizing the existing modules, some new modules have been developed by combining two or more existing modules.
- (b) The details of the revised MES modules are at Annex-I.
- (c) Revised modules have been uploaded on web portal.
- (d) The revised modules have already been implemented with effect from 01.07.2014. Those Vocational Training Providers (VTPs) who have required training infrastructure would be allowed to run revised modules and VTPs who do not have requisite training infrastructure would need to upgrade their facilities.
