

**GOVERNMENT OF INDIA
SKILL DEVELOPMENT AND ENTREPRENEURSHIP
LOK SABHA**

UNSTARRED QUESTION NO:466

ANSWERED ON:19.07.2017

NSDC

Adhikari,Shri,Dibyendu

Will the Minister of SKILL DEVELOPMENT AND ENTREPRENEURSHIP be pleased to state:

(a) whether National Skill Development Corporation (NSDC) has failed to discharge its responsibilities and its deviation from the original role and function and if so, the details thereof and the reasons therefor;

(b) the details of the employment generated in the country through skill development since 2015 and the sector-wise job opportunities projected for the next five years; and

(c) the State-wise details of the Government financing and job placements in this regard?

Answer

(a) NSDC is a Public Private Partnership Company set up as part of a National Skill Development Mission to fulfill the growing need in India for skilled manpower across sectors and narrow the existing gap between the demand and supply of skills. NSDC provides funding to build scalable, vocational training initiatives. Its mandate is also to enable support systems such as quality assurance, information systems and train the trainer academies either directly or through partnerships. NSDC acts as a catalyst in skill development by providing funding to enterprises, companies and organisations that provide skill training. In its efforts to scale up skill development efforts, NSDC strives towards the following:

- (i) Develop low cost, high-quality, innovative business models.
- (ii) Attract significant private investment.
- (iii) Ensure that its funds are largely "re-circulating"; i.e. loan or equity rather than grant.
- (iv) Build a strong corpus.

(b) & (c) After successful implementation of Pradhan Mantri Kaushal Vikas Yojana (PMKVY) during 2015-16, Government has modified its guidelines to make scheme more effective, transparent and beneficiary oriented. Under PMKVY 2.0, which started from 2nd October 2016 onwards with an outlay of Rs.12000 crore to impart skilling to one crore people over four years (2016-2020), placement tracking is mandatory. Till now, a total of 36771 candidates have been provided placements offer. The details are at Annexure-I.

Further, as per National Policy on Skill Development and Entrepreneurship 2015, there is an incremental requirement of 109.73 million skilled manpower by the end of 2022. The sector wise requirement of manpower across various sectors are given at Annexure-II.

Annexure-I

States/UTs-wise details of placements under PMKVY 2.0.

State of TC Count of Placements post training in the said state

Andhra Pradesh 2879
