Title: Regarding U.S.A.'s threat to wage a war against Iraq.

SHRI BASU DEB ACHARIA (BANKURA): Sir, although Iraq has implemented the Resolution No.1441 passed by the Security Council, the United States of America is planning to wage a full scale war against Iraq. For the last more than a decade, economic sanction has been imposed against Iraq. More than 10 lakh children of Iraq died because of lack of medicine. The main motive behind the US attempt or plan to attack Iraq is to install a puppet Government there.

After successfully installing a puppet government in Afghanistan, President Bush has declared that he would take action against Iraq, Iran and North Korea. He has called these countries, 'axis of evil'.

The Government of India has two voices. The hon. Prime Minister has one voice whereas the hon. Minister of External Affairs has another voice. ...(*Interruptions*) We have seen in our newspapers that the US has advised the allies to attack Iraq. ...(*Interruptions*)

MR. SPEAKER: Shri Basu Deb Acharia, you cannot give a long speech.

...(*Interruptions*)

SHRI BASU DEB ACHARIA : We condemn the action of President Bush ...(*Interruptions*)

SHRI KHARABELA SWAIN (BALASORE): Sir, is he supporting Al Qaeda?

SHRI BASU DEB ACHARIA : He is planning to attack Iraq, dismiss President Saddam Hussein and to exploit Iraq's oil and other properties of Iraq. ...(*Interruptions*)

MR. SPEAKER: Shri Basu Deb Acharia, please co-operate with the Chair.

SHRI BASU DEB ACHARIA : We condemn it and I demand that the Government of India must make its stand clear in regard to Iraq.

अध्यक्ष महोदय : खैरे जी, आप बोलिए, क्या आप बोलना नहीं चाहते हैं?
