Title: Need to fill backlog of SCs and STs in Government jobs in the country- Laid.

SHRI P.C. THOMAS (MUVATTUPUZZHA) : The backlog for job for SCs and STs is increasing in several States. The details of such backlog in Centre and States have to be collected, published and urgent action has to be taken to fill the backlog. In several cases, the reason stated for not giving appointments is that there are no qualified applicants. In such cases, the best qualified among them have to be selected and adequate training be given so that they can perform with full competence. The country should see that the rights of jobs offered to them have to be fully satisfied even if some additional effort is needed. I request the Government to take favourable action in this regard.
