

Title: Need to allocate additional funds for repair of road connection between Khurda and Bolangir and undertake construction of flyover on National Highway from Khurda to Bhubaneswar. -- Laid.

DR. PRASANNA KUMAR PATASANI (BHUBANESWAR) : Due to the flood and continuous rains, the entire road condition of the State is highly precarious and the only connected highway from Khurda to Bolangir via Nayagarh and Dasapalla is heavily damaged. Therefore, I draw the attention of the Minister of Road Transport and Highways to allot more money to start the work immediately. Apart to that, please declare the Khurda-Bolangir State highway as National Highway urgently in the larger interest of the public. This would be the only road which can connect Western and Eastern parts of Orissa.

Hence, I would request the Hon'ble Minister to announce the same to help the local populace. The flyover construction work in the National Highway from Khurda to Bhubaneswar is highly delayed and the other flyovers at Khandagiri, Fire Station Chhak, CPR Chhak and Bani Bihar should be constructed immediately to clear the traffic congestion in the capital city Bhubaneswar. One through pass on the National Highway on Tangi in district Khurda may please be taken up to meet the needs of the local villagers.
