Title: Need to provide a computerised reservation counter at Adoni railway station in Kurnool district of Andhra Pradesh - Laid.

*SHRI K.E. KRISHNAMURTHY (KURNOOL) : Adoni Railway Station in the District of Kurnool in Andhra Pradesh is an important railway station which is having more passenger rush. This railway station is not having a computerised reservation counter. In the absence of a computerised reservation counter, passengers of this station are facing difficulty in reservation. There is every need to provide a computerised reservation counter at this station.

I urge upon the Hon. Minister of Railways to establish a computerised reservation counter at this station at the earliest.

*Laid on the Table.
