

Title: Need to increase road freight reimbursement for the transportation of Palmolein for Gujarat through State Trading Corporation-Laid.

SHRIMATI JAYABEN B. THAKKAR (VADODARA): The Government of India has sanctioned road freight reimbursement for transportation of Palmolein w.e.f 1.9.1984 at the rate of Rs. 145/- per tonne for Gujarat. For the last 15 years, rates of transportation charges have been increased due to hike in the rates of petroleum products from time to time. Considering this, it is very much necessary to increase road freight reimbursement at the rate of Rs. 550/- PMT for the transportation of Palmolein allotted by Government of India through State Trading Corporation.
