

Title: Need to strengthen Farakka-Azimganj section of Eastern Railway and provide halt of Mail trains at Dhuliyen, Nimitita and Jangipur, district Murshidabad, West Bengal –Laid

SHRI ABUL HASANT KHAN (JANGIPUR): Farakka-Azimganj section of Eastern Railway requires adequate attention. Because of over-aged railway track, the speed of trains normally becomes slow. Though there are business centers like Dhuliyen, Aurangabad and Jangipur yet there is no stoppage of mail train on these important places. Thousands of commuters are being deprived of railway travelling facilities. The condition of the stations and their approach roads are in deplorable condition.

Therefore, I urge upon the Government to take up upgradation measure of railway track, railway stations and make arrangements for stoppage of mail trains at Dhuliyen, Nimitita and Jangipur in the interest of the lakhs of people of Jangipur sub-division of Murshidabad District.
