

Title: Need to create a separate Telengana State - Laid.

SHRI A. NARENDRA (MEDAK) : The long pending demand for a separate State has so far not been fulfilled despite recommendation made by State Reorganisation Commission. But now I earnestly hope that the Centre would appreciate sufferings and sentiments of Telengana region for separate Telengana State. It is one of the important lessons of history that the smaller the States, stranger the country. By conceding the demand for a separate Telengana State, we would be accelerating the wheel of progress and economic development of the people of Telengana region.
