Title: Need for construction of a Road underbridge at Avadi railway crossing in Tamil Nadu. – Laid.

SHRI A. KRISHNASWAMY (SRIPERUMBUDUR) : In my constituency, Avadi is one of the thickly populated cosmopolitan municipality which consists of many Defence establishments like HVF, CVRDE, OCE, CVD, IAF and also Tamil Nadu Speical Police Training centres.

The general public and employees of these establishments face many difficulties to cross the Avadi railway level crossing. Near Avadi Railway Station, there are seven railway tracks and traffic jam is caused due to stoppage of goods and local EMU trains.

I urge upon the Minister of Railways to remove the difficulties being faced by the people of Avadi by approving construction of a road under bridge or at least a sub-way there.
