

Title: Need to provide basic amenities to hutment dwellers settled on the Government land at Kanjur Marg, Mumbai.

RI KIRIT SOMAIYA (MUMBAI NORTH EAST): Sir, more than 2,500 hutments have settled on the land of Salt Department, Ministry of Industry, Government of India at Kanjur Marg, Mumbai. People are staying there for more than 25-30 years. The problem of giving them civic amenities such as water, sanitation, electricity etc. still exists. A decision is needed to provide all these basic amenities from humanitarian angle. I request the Union Government to come out with their policy decision on this issue.
