Title: Need to release full share of Gram Panchayat funds for enabling effective implementation of developmental works.

SHRI G.M. SIDDESWARA (DAVANGERE): Sir, the Union Government is releasing funds to the Gram Panchayats for development purposes. But this amount is being released in instalments to all Gram Panchayats. Because of this piecemeal distribution, every Gram Panchayat gets only very meagre amount. With the result, there is less or no development work. If the full amount is released to a group of Gram Panchayats in rotation, lot of developmental works can be done in that particular area.

I urge upon the Government that this suggestion may be considered and full share of a particular Gram Panchayat may be released at the earliest so that the particular area can be developed immediately. Thank you.
