Title: Need to check illegal human organ trade.

SHRIMATI ARCHANA NAYAK (KENDRAPARA): Sir, I would like to draw the attention of the Government towards the illegal human organ trade in the country. Illegal human organ trade is flourishing in various parts of the country. Unscrupulous doctors in the private clinics remove organs of poor people by alluring them to given a paltry amount.

There is a network of organized human organ trade in the country. These organs are sold at high prices in the international market and the middlemen earn huge profit. There is an urgent need to give more teeth to the law so that the racket engaging these people is busted and strict action is taken against them.

Therefore, I urge upon the Government to take effective measures to prevent illegal human organ trade in the country.
