Title: Need to create a separate Postal Division for Darjeeling.

SHRI D. NARBULA (DARJEELING): Sir, I would like to draw the kind attention of the Government to the longstanding demand of the National Union of Postal Employees, Darjeeling Division for creation of a separate Postal Division for Darjeeling. The Union has consistently been pressing for this for the last fifteen years but all efforts have proved futile. It is needless to mention that Darjeeling is a hilly area and creation of a separate Postal Division will not only contribute in the development of the hilly backward region but also improve the efficiency of the Postal Department. I would, therefore, urge the Department of Posts to pay immediate attention to this long-pending demand and create a separate Postal Division for Darjeeling without further delay.
