Title : Need to expedite the construction of railway line from Ramganjmandi to Bhopal via Jhalawar.

SHRI DUSHYANT SINGH (JHALAWAR): The work on railway line between Ramganjmandi to Bhopal via Jhalawar is progressing very slowly. The total estimate of the project is Rs. 732 crore.

The railway officials need to ensure that the process of laying of tracks, building bridges and setting up of Railway station in Jhalawar is done at a rapid pace.

This will be an alternative route to Mumbai which will help Soyabean and Dhania traders to cart their goods and help the '*aam adm*' to reach their destination.
