Title: Need to ensure adequate supply of LPG in Idukki Parliamentary Constituency, Kerala.

SHRI P.T. THOMAS (IDUKKI): There is severe shortage of LPG cylinder supply in my Parliamentary constituency, Idukki in Kerala. Consumers of entire Idukki district and Muvattupuzha, Kothamangalam areas are suffering due to delay in delivery. Presently consumers have to wait for more than sixty days to get the refill delivery of LPG cylinders. There are fifteen gas agencies in my parliamentary constituency and all of them are not getting sufficient supply. I request the Central Government to direct the concerned department to take immediate measures for proper supply of LPG cylinders to clear the backlog and meet the monthly demand.
