Title: Establishment of AIIMS like facilities at Sambhalpur in Odisha.

SHRI AMARNATH PRADHAN (SAMBALPUR): The people of Sambalpur as well as the entire Western Odisha region are facing difficulties in getting modern methods of treatment and as a result thereof, these poor patients have to travel long distance to avail this facility at AIIMS, New Delhi. So, I request the Union Government to use satellite connection to connect AIIMS with health facilities at Sambalpur in Odisha.
