Title: Need to review the man power in Ordnance Factories.

SHRIMATI RAKSHATAI KHADSE (RAVER): There are 42 Ordnance factories all over India and almost 1 to 3 officers from Ministry of Labour and Employment Welfare wing have been posted in each factory as per the practice followed since long but in recent scenario Ordnance factories' own officers in Administration look after the welfare of their workers, hence very little responsibilities or no responsibilities lie with the officers posted therein. While the officers from other Welfare & Safety wings belong to the parent department of the Ministry are overburdened and they are having large jurisdiction to look after which becomes unmanageable for them. Even the parent division is having shortfall of manpower hence appointing officers on deputation from other Departments. I request the Government that the entire position be reviewed in the changed scenario and appropriate action may be taken in this regard.
