Title: Need to set up a fertilizer depot in Kalahandi Parliamentary Constituency of Odisha.

SHRI ARKA KESHARI DEO (KALAHANDI): My parliamentary constituency Kalahandi is located in Western Odisha. Fertilizer is an essential ingredient to increase agricultural production. Farmers of my district are also dependent on rain for a good harvest. Shortage of fertilizer is very common during kharif and rabi cultivation. This results in increase of the price of fertilizer. Farmers are forced to buy fertilizer at higher prices. So, I request the Government to open Fertilizer depot in my district during the current financial year in order to ensure easy availability of fertilizer to farmers.
