Title: Need to provide adequate funds for development of Azhikkal Port in Kerala.

SHRIMATI P.K. SHREEMATHI TEACHER (KANNUR): Azhikkal is a minor port, situated at northern side of Kerala. A proposal has been submitted by Government of Kerala for upgradation of Azhikkal Port at Kannur including construction of coastal berth, dredging, extension of break water etc. with an outlay of 495 crore under the Central sector scheme for providing support to Major and Non-Major ports.

I request the Government to be kind enough to allot sufficient funds for the development of Azhikkal Port.
