Title: Issue regarding infiltration of terrorists in India through West Bengal, Tripura and Assam.

SHRI ADHIR RANJAN CHOWDHURY (BAHARAMPUR): Sir, there has been an alarming spurt of Jihadi activities in our neighbouring country, Bangladesh. What has perturbed me is that the Bangladesh Government has warned the Indian Government that, being chased away by the security forces in Bangladesh, those JMB and HUJI affiliated terrorists have been entering into our country through West Bengal, Tripura and Assam. So, I would like to urge the Government that those neighbouring States should be sensitized on this issue.
