Title: Need to provide Panchayat Samity and Gram Panchayat Offices with technological support along with broadband facility.

-

SHRIMATI PRATIMA MONDAL (JAYANAGAR): Panchayat Samity and Gram Panchayat office are the main work places at Panchayat level through which all the developmental works are carried out at village level with the object of improving condition of rural areas. Technological support along with broadband facility should be made available to the Panchayat Samity & Gram Panchayat office for expeditious disposal of work & ensuring impartiality & legitimacy.

I would, therefore, urge the Government to take action in this regard.
