Title: Regarding shifting of Mulund East Post Office in Mumbai.

DR. KIRIT SOMAIYA (MUMBAI NORTH EAST): The local Postal Department has closed down the Mulund East Post Office of Mumbai. In the name of shifting this post office, the same is merged with Mulund West Nehru Nagar Post Office. The closure of this post office and handing back the premises has been done without proper technical paper work. Population of Mulund East is more than 1.5 lakh. Due to closure and shifting of the post office, the huge populace of Mulund East has been suffering a lot. I urge upon the Government to order an enquiry on why the Mulund East Post Office has been closed down in the name of shifting, redevelopment and also take action to start a post office at Mulund East immediately.
