Title: Need to send a special team to find out the cause of jaundice disease spreading in Sambalpur Parliamentary Constituency in Odisha.

SHRI NAGENDRA KUMAR PRADHAN (SAMBALPUR): Mr. Deputy-Speaker, Sir, I am thankful to you for having given me the opportunity to put forth the problems of my constituency.

Sir, as you know, in Odisha, Sambalpur Headquarters is the second biggest city of the State. For the last 10 to 15 days, more than 10,000 people are affected by jaundice there. The Government of Odisha is trying its best to control this disease. They are also trying to give different kinds of treatments to the patients. But unfortunately there is a little change in the situation.

Therefore, I urge upon you to please instruct the Government to send a special team to find out the cause of the disease because more than 10,000 people are affected with this disease so that a permanent solution could be found out.
