Title: Need to expedite doubling and electrification of railway line between Chennai and Kanyakumari.

SHRI K.R.P. PRABAKARAN (TIRUNELVELI): I would like to urge the Government to initiate action for early completion of the doubling and electrification project between Chennai and Kanyakumari, Tamil Nadu which is stalled without any reason for the past many years. Survey study has already been completed. Therefore, I request the Government to start this pending project since the completion of this project has been demanded by people of my constituency for the past two decades. The Government should expedite the doubling of line between Chennai and Kanyakumari. In case of completion of this work, I am sure it would not only be beneficial to villages and towns lying on this route but also generate more income to the railways.
