

Title : Need to grant special funds for Saansad Adarsh Gram Yojana (SAGY).

SHRIMATI SUPRIYA SULE (BARAMATI): Madam, the Sansad Adarsh Gram Yojana is a new suggestion that the Government has taken up. We are very happy about this project. I think, every Parliamentarian is very enthused about this new project taken over by the Government. But as we are working on the field, we have realized that the Government has given a lot of suggestions and interventions as to how to improve it, where to get the aid and money from the monitory side of it. But a lot of times what is happening is that if the MLA or local Government has already used up that fund, we cannot use it in the Sansad Adarsh Gram Yojana.

So, if the Government can give us some special aids specifically every year for this project because it is a wonderful programme, if we get some more budgetary provision for this for every MP across, it will help us to improve these villages and broaden this programme from one village to more villages. It is because every village today wants it to be in the Sansad Adarsh Gram Yojana. So, if we can make this little more budgetary provision in one village every year, it will enthuse all of us.

HON. SPEAKER:

Dr. Shashi tharoor,

Shri Arjun Ram Meghwal,

Kumari Sushmita Dev,

Shri R. Dhruvanarayana,

Shri D.K. Suresh,

Shri M.B. Rajesh,
