Title: Need to expedite the widening of NH-63 from Hubli to Hospet.

SHRI KARADI SANGANNA AMARAPPA (KOPPAL): Sir, thank you for giving me the time to speak on this important topic. On inquiring with NHAI officers, it is informed that Land Acquisition for widening of NH-63 from Hubli to Hospet section is under progress. Regarding construction activities of NH-63 on EPC mode, tendering process is yet to be finalized. This road is very important as it is passing through 4 districts. We have very big industries along the road and the traffic is very dense on this road. No fresh works are allowed on NH-63 as it is going to be taken over by NHAI. Therefore, I request the government to eliminate the problems and pursue the work as soon as possible.
