Title: Need to set up a Kendriya Vidyalaya in toll gate area in Trichy district of Tamil Nadu.

SHRI R.P. MARUTHARAJAA (PERAMBALUR): Mr. Deputy Speaker, Sir, I thank you very much for giving me this opportunity to raise an important issue pertaining to my constituency.

Perambalur District is a backward district as per the Survey Report. In my constituency, out of six Assembly Constituencies, only one Assembly Constituency of Perambalur is in my District. Four Assembly Constituencies of Thuraiyur, Musiri, Mannachanallur and Lalgudi come under Trichy District and Kulithalai Assembly Constituency comes under Karur District. Moreover, the four Assembly Constituencies are 75 kms. away from Perambalur. In such a geographical area, it is sad that only one Kendriya Vidyalaya is there in Perambalur. So it has become a very big burden to the Central Government employees, who are employed there, to get their children admitted in Perambalur. Not only that, the general public are also suffering a lot. The affected parents have represented this issue several times. Utilizing this opportunity, the private schools are charging exorbitant fees, hence the lower and the middle class people are unable to admit their children in the private schools....(*Interruptions*)

Hence I urge upon the Government to give top priority to start a KV school in the middle part of the constituency, that is, Toll Gate No. 1 of Trichy District so that all the five Assembly constituency Central Government employees and the general public would be benefited. Thank you....(*Interruptions*)
