Title: Regarding need to improve internet connectivity in Zahirabad Parliamentary Constituency in Telangana.

SHRI BHEEMRAO B. PATIL (ZAHEERABAD): Madam Speaker, I would like to draw the kind attention of this House, through you, regarding the dire need to take proper steps for providing regular uninterrupted internet connectivity in my parliamentary constituency Zaheerabad in Telangana....(*Interruptions*) On the one hand, the Government of India is making efforts for digitization of rural India and on the other hand, due to negligence of BSNL officers there is no proper maintenance of towers....(*Interruptions*) Now-a-days, Mandal Revenue Offices, Panchayat Offices, all other offices and schools are dependent on internet connectivity....(*Interruptions*) But they are getting internet connectivity hardly for two to three hours a day or sometimes the connection is so poor that the people do not get access to internet for an entire day or two. ...(*Interruptions*) Rural India is facing hardship on this front due to very flimsy reasons such as non-availability of battery and inverter. ...(*Interruptions*)

Hence, I request the hon. Minister of Communications and Information Technology, through you, to take necessary steps to provide regular uninterrupted internet connectivity in our area for which the people of my constituency will be very grateful. ...(*Interruptions*)
