Title: Need to set up AIIMS in Sengipatti in Thanjavur Parliamentary Constituency in Tamil Nadu.

*SHRI K. PARASURAMAN (THANJAVUR) : Hon. Chairman Sir. I have thank Hon'ble *Puratchiththalaivi* Amma for making me a Member of Parliament representing Thanjavur parliamentary constituency. Union Government led by Shri Narendra Modi has proposed to start All India Institute of Medical Sciences (AIIMS) like institutions throughout the country. Hon'ble Chief Minister of Tamil Nadu is happy to know about this proposal. Ministry of Health Family Welfare has written to Hon'ble Amma to select three places in the State of Tamil Nadu for setting up AIIMS like institutions. Government of Tamil Nadu has identified five places for the consideration of Union Government for establishing AIIMS like institutions during the current year itself. These five places which are identified for the purpose have road, rail and air connectivity besides water and electricity facilities. Hon'ble Amma has directed the State officials concerned to provide all the details in this regard to the Union Government. Hon'ble Amma has thanked Hon'ble Prime Minister Shri Narendra Modi for bringing a scheme to establish AIIMS like institutions in Tamil Nadu. Hon'ble Amma has written a letter in this regard. Sengipatti in Thanjavur constituency is one among the places selected for implementing this proposal. There is a Medical College and Hospital run by the State Government in my constituency. Between Thanjavur and Tiruchy, if this AIIMS is established in Sengipatti it would benefit the people of adjoining districts also. Old age people would also be benefitted. They may not go to far away places for medical treatment if this AIIMS is established in Sengipatti in my Thanjavur constituency. On behalf of myself and on behalf of Hon. *Puratchiththalaivi* Amma I urge the Union Government to set up AIIMS in Sengipaati in Thanjavur constituency during the current year itself.
