Title: Need to repair National Highway 37 in Assam.

SHRI RAMESHWAR TELI (DIBRUGARH): National Highway No. 37 originates from Pancharatna in Goalpara district in Assam and after passing through my constituency Dibrugarh, it terminates in Roing in Arunachal Pradesh. It is also known as A.T. Road (Assam Trunk Road). But this important road which is the lifeline of Assam that connects several important towns including Dibrugarh and Tinsukia, is in a dilapidated condition. Thousands of commuters are having a harrowing experience every day. This highway is full of potholes and, therefore, it has turned into a nightmare for regular commuters like students, workers, office goers and patients. The worsening road condition is also causing serious accidents almost every day while at the same time it gives rise to traffic congestions alongwith breakdown of vehicles.

I, therefore, request the Hon'ble Union Minister of Road Transport and Highways to look into the matter and do the needful so as to ensure a free and safe movement of vehicular traffic on NH37.
