Title: Need to take steps to stop elephants menace in Bishanpur Parliamentary constituency.

*SHRI SAUMITRA KHAN (BISHANPUR): : Hon. Deputy Speaker Sir, I wish to raise a matter of urgent public importance. In my area the elephants are creating havoc. Though we love animals like elephants, yet these are posing a threat to the people of the entire region. In places like Barjora, Belator, Sonanukhi Gangajalhati, Bishnupur, Onda, the elephants are damaging crops and human habitation. They come down from the Rajmahal hills and neighbouring State of Jharkhand. My humble request to the Central Government through you sir, is that it should take steps to stop this menace along with the State Government. The centre should help the state in controlling and minimizing the damages caused by elephants and if that is done then the people of my constituency Bishnupur would be highly obliged. Thank you.
