Title: Need to construct a new bridge on river Parvan in Jhalawar-Baran Parliamentary Constituency of Rajasthan.

SHRI DUSHYANT SINGH (JHALAWAR-BARAN): I represent Jhalawar-Baran constituency of Rajasthan. Aklera and Sarthal are two district locations in my constituency where there is a low level bridge built over the river Parvan that flows between Sarthal and Aklera. During monsoon, the bridge almost gets submerged in the river and the road connectivity between these two locations remains completely blocked for two months. The condition of the bridge has also become very bad. Hence there is a need to build a new strong and high level bridge over the river. This bridge will ensure that road connectivity of Tehsils Chhabra, Cheepabarod and Atru with Aklera (District Jhalawar) exist throughout the year without disturbances during monsoon. It will benefit around 4-5 lakh villagers belonging to 350 villages/kasbas of nearby areas. Therefore, I request the Hon'ble Minister of Road Transport and Highways to look into this issue and expedite the construction of the new bridge by sanctioning the project worth 90 crores.
