Title: Need to take steps to set up planetariums in Odisha.

DR. KULMANI SAMAL (JAGATSINGHPUR): Hon. Chairman, Sir, I thank you very much for giving me an opportunity. My specific demand is for setting up three planetariums, one at Gopalpur, second at Baripada and third at Jeypore in Odisha.

The Government of Odisha in 2015 had written a letter to the Central Government for setting up three planetariums and demanding for some allocations. But no step has been taken so far for this allocation. My request is, through you, to urge upon the Minister to consider the proposal and to take necessary action to provide required financial assistance to the Odisha Government for the proposed setting up of the planetariums at the earliest.
