title: Need to expedite the construction of Road overbridges at various places in Mumbai.

**DR. KIRIT SOMAIYA (MUMBAI NORTH EAST) :** The work of Road Over Bridge (RoB) has been delayed for years at Goregaon Mulund link road at Nahur junction, Vikroli RoB at Vikroli Station and Vidyavihar RoB at Vidyavihar station of the Central Railway in Mumbai under my Parliamentary Constituency. The Mumbai Municipal Corporation (State Government) states that the Railways have not cleared the designs of RoBs. The work which is to be done by the Railways is also delayed. In spite of repeated follow-ups, the designs have not been finalized. In some cases, the works of RoBs have not been started/delayed due to finalization of the tender process. Hence, I request to expedite the same.
