Title: Need for four-laning of National Highway between Karur and Coimbatore via Kangayam and from Kangayam to Tiruppur in Tamil Nadu.

SHRI S. SELVAKUMARA CHINNAIYAN (ERODE): In my Erode Lok Sabha constituency "Kangayam" is a prominent and famous business centre with many rice mills and large production of coconut oil, Moreover, Tiruppur is a Textile Hub which is located near Kangayam. As there is heavy congestion in road traffic between Karur and Coimbatore via Kangayam and also between Kangayam and Tiruppur, the road connectivity from Karur to Coimbatore via Kangayam and also Kangayam to Tiruppur needs to be expanded as four lane road in order to ease traffic congestion. Hence, I urge upon the Union Minister of Road Transport and Highways for allocation of adequate funds for four-laning of road from Karur to Coimbatore via Kangayam and from Kangayam to Tiruppur. I also urge that the necessary plan approval alongwith adequate financial allocation may be granted immediately without any further delay.
