Title: Regarding the firing incident on the protesting monks.

SHRI NINONG ERING (ARUNACHAL EAST): Thank you, Madam, for giving me a chance in 'Zero Hour'. It is regarding a very unfortunate incident in the Island of Peace, in the abode of Gods, Tawang. Very unfortunately, on 2nd May, some NGOs, some monks and nuns were protesting for the release of one of their monks. In that case, a firing incident took place where two people were killed and several others injured. This is a very unfortunate incident.

I would request the hon. Home Minister that a strong investigation should take place and it should be an independent inquiry, which should come from the Home Ministry.
