SHRI IDRIS ALI: Madam, Basirhat constituency is covered by the Eastern Railway Zone of Sealdah Division. ...(*Interruptions*) The rail part which starts from Barasat to Hasnabad cross-section has around 19 stations, out of which, only Hasnabad and Basirhat stations have Computerised Railway Reservation counters and other 5 stations having computerised ticket counters, while rests are still using manual ticketing system....(*Interruptions*)

Madam, I urge upon the Central Government to immediate develop CRS at Harowa and Malatipur stations and develop all the manual ticketing systems to Computer ticketing systems.

Construction of Bhyabla over-bridge is a long awaiting project which still is a long standing most urgent demand of the area for which every day and every intervals, commuters have to wait for long time to cross the level crossing, particularly the patients are the suffered most. ...(*Interruptions*)

Apart from this, I would like to draw the attention of the Ministry to speed up 24 kilometres double line projects between Sondaliya to Champapukur and to replace all passenger racks with 12 coaches and more frequencies of trains....(*Interruptions*) I also demand a ladies special train from Hasnabad to Sealdah stations in the morning and back in evening. With the growth of population, there has been a cherished demand of a halt-station at Uttar Debipur between Bhyabla halt and Champapukur stations. The deepest regret is that there are no regular RPF security personnel in the first two trains and night shuttles....(*Interruptions*)

The Government should take special attention immediately. ...(*Interruptions*) Before I conclude, I would like to request the Government to urgently take-up the extension project of Hasnabad station to Shamshernagar. ...(*Interruptions*)

I hope that the hon. Railway Minister will ensure the all round development of Railway services, security and construction of flyover at Bhyabla railway crossing in Basirhat Parliamentary Constituency in West Bengal at the earliest....(*Interruptions*)
