

(iv) **Need to set up electronic telephone exchange in Ujjain, Madhya Pradesh**

[*Translation*]

SHRISATYNARAYAN JATIYA (Ujjain): Mr. Deputy Speaker, Sir, there is a long waiting list for telephone connection in Ujjain. There is a need to expand the telephone system in order to provide telephone to the people in the long waiting list.

E-I-OB system of electronic exchange should immediately be set up in Ujjain, and a convenient system should be made available for the ensuing "Sinhastha Parva" so that people may have a fault-free telephone facility. My submission is that on the occasion of the "Sinhastha Parva" a commemorative stamp should be issued and the facility of mobile post office should also be made available.

(v) **Need to provide a halt at Narpatnagar village between Sakiri Junction and Tarsarai railway station of North-Eastern Railway and to name it after Shaheed Suraj Narain Singh**

SHRI DEVENDRA PRASAD YADAV (Jhanjharpur): Mr. Deputy-Speaker, Sir, there is a need to provide a halt at Narpatnagar village between Sakiri junction and Tarsarai railway station of North Eastern Railway, to be named Shaheed Surya Narayan Singh halt. This proposal has been under consideration for the past so many years. Survey has already been completed in connection with this work. Shaheed Surya Narayan Singh was a frontline leader in the independence struggle. He was killed while fighting for the cause of the workers. Millions of people have faith in him. Narpatnagar is the ancestral village of the socialist leader late Suraj Babu. Local rural

people are ready to provide every possible help for the construction of the halt. Moreover, it is important from the point of view of transport, distance and income also.

Therefore, I demand the construction of a halt at Nagpatnagar village in the memory of Shaheed Suraj Narayan Singh, who was a source of inspiration with a view to provide facility to the people. I here will also be increasing the railway revenue.

(vi) **Need to develop the Konaseema area in East Godavari district in Andhra Pradesh**

[*English*]

SHRIG.M.C. BALAYOGI (Amalapur): Hon. Deputy Speaker, Sir, Konaseema area, East Godavari District, Andhra Pradesh is like an island surrounded by river Godavari and canals, and is rich in its agricultural produce, like rice, coconut. This area is not industrially developed. There is scope for locating agro-based small and medium industries by using the available natural gas as power.

Konaseema area is protected by 272 kms of flood banks which were raised about 100 years back during Sir Arthur Cotton's time and have become weak now. The threat of recurring floods is causing loss of crores of rupees worth agricultural products as well as human life every year. A small breach in any of the flood banks will submerge the whole area in the Bay of Bengal.

To help this area earn foreign exchange, the coastal area can be developed as a tourist resort in Kerala which will attract tourists and also help fishermen to transport their catch to different parts.

It is requested that steps be taken to help locate agro-based small and medium
