Chairperson,
Standing Committee on Agriculture

REPORT
PART I
Introduction

1.1 Agriculture is back bone of Indian economy and around 54.6% of the population in the Country is engaged in agriculture and allied activities (census 2011). India has achieved a remarkable growth in agriculture, increasing food grain production from 82.02 million tonnes in 1960-61 to about 275.11 million tonnes in 2016-17. Now, our country is not only self-sufficient in the production of foodgrains to meet food requirement of the country but Agriculture is also contributing towards foreign earning. However, despite the large scale production in India, food inflation and food security issues are major concerns for the policy makers in country as they affect the basic need for the citizens i.e. to have sufficient, healthy and affordable food. A nation-wide study on quantitative assessment of Harvest and Post-harvest losses for 45 agricultural produces in 107 randomly selected districts was carried out by Central Institute of Post-Harvest Engineering & Technology (CIPHET), Ludhiana in the year 2015. It has been estimated that annual value of Harvest and Post-harvest losses of major agricultural produces at national level was at Rs. 92,651 crore. It has been found that the case of cereals, majority of losses occur at farm level during harvesting, collection and threshing. Storage losses are only 0.75 – 1.21 percent. In the case of fruits also, most of the wastage is occurring in fruits and vegetables. Considering the extent of losses, there is an urgent need to push for establishment of Food Processing Industries in all parts of Country. With adequate food processing facilities, much of this wastage can be reduced, thus, paving the way for providing the remunerative prices to the producers as well as ensuring greater supply to the consumers.

1.2 The Food Processing Industry (FPI) is of enormous significance as it provides vital linkages and synergies that it promotes between the two pillars of the economy, i.e. Agriculture and Industry. If there are good food processing industries in India, raw materials such as grains or meat can be converted into food for domestic and foreign consumption. Food processing industries can absorb a major share of workers from the Agriculture Sector, who face disguised unemployment. It can result in better productivity and GDP growth.

A. Role of the Ministry

1.3 The Ministry of Food Processing Industries is concerned with formulation and implementation of the policies for the food processing industries within the overall national priorities and objectives. A major issue facing the country is to ensure remunerative prices to the farmers for their produce. If the surplus production of cereals, fruits, vegetables, milk, fish, meat and poultry, etc., are processed and marketed both inside and outside the country, there will be greater opportunities for adding to the income of farmers and employment. A strong and dynamic Food Processing Sector plays a vital role in diversification and commercialization of agriculture, enhancing shelf life, ensuring value addition to Agricultural Produce, generation of employment, enhancing income of farmers and creating markets for export of agro foods. The Ministry acts as a catalyst for bringing in greater investment into this Sector, guiding and helping the industry and creating a conducive environment for healthy growth of the Food Processing Industry. The Ministry aims at:

- i. Creating the critical infrastructure to fill the gaps in the supply chain from farm to consumer;
- ii. Funding projects for Value addition of agricultural produce;
- iii. Funding projects for minimizing wastage at all stages in the food processing chain by the development of infrastructure for storage, transportation and processing of agro- produce;
- iv. Funding projects for Induction of modern technology in the food processing industries;
- v. Encouraging R&D for product and process development;
- vi. Providing policy support, promotional initiative and facilities to promote value added produce for domestic consumption and also exports.

B. Developmental Initiatives

1.4 Several Development initiatives have been taken by the Ministry to promote growth of the food processing sector in the country. Some of these are:-

- i. Creating modern infrastructure for supporting the growth of Food Processing Sector through implementation of the Schemes of Mega Food Parks,

Integrated Cold Chain and Value Addition Infrastructure, Agro Processing Cluster and Backward and Forward Linkages.

- ii. Providing assistance for creation and expansion of food processing capacity under various Central Sector Schemes
- iii. Widening the R&D base in food processing by involvement of various R&D institutes and support to R&D activities.
- iv. Uploading list of R&D Research Projects / findings on the Ministry's website for better dissemination, commercial adoption and use by the farmers and entrepreneurs.
- v. Developing human resources to meet the growing requirement of managers, entrepreneurs and skilled workers in the Food Processing Sector.
- vi. Assistance for the setting up of Food Testing Laboratories, active participation in laying down food standards and their harmonization with international standards.
- vii. Developing a strong supply chain for perishable farm produce to reach processing centers with minimal loss of time.
- viii. Introducing Sevottam, charter mark in service delivery for excellence in the Ministry.
- ix. Regular interaction with the industry and State/ UT Governments for activating Single Window System.
- x. Extending fiscal incentives for the Food Processing Industries.
- xi. Promoting Foreign Direct Investment under the 'Make in India' initiative.
- xii. Dissemination of all relevant information relating to Food Processing Sector in the Ministry's website and Investor Portal (Nivesh Bhandhu).
- xiii. An Investor Portal "Nivesh Bandhu" has been developed by the Ministry for disseminating information on the state-specific resource potential, policy support and fiscal incentives offered to investors in Food Processing Sector. The investors, both domestic & foreign, are facilitated to put queries relating to any issue on investment in food processing sector through Investors' Portal ([http:// foodprocessingindia.co.in](http://foodprocessingindia.co.in)) or through Ministry's website ([http://mofpi.nic. in](http://mofpi.nic.in)).

Promotional Initiatives

In order to create awareness about the potential and prospect of food processing industry in the country, this Ministry provides assistance for;

- i. Organizing Workshops, Seminars, Exhibitions and Fairs;

- ii. Commissioning of Studies/Surveys, etc.
- iii. Participation in national/international fairs/exhibitions, etc.

C. Growth Rate Of Food Processing Sector

1.5 Food Processing Sector is considered as sunrise sector in Indian Economy which has huge potential for growth and employment generation. On being asked by the Committee to furnish details of average growth rate of Food Processing Sector in the country during the last five years, the Ministry submitted:

"The average growth rate for the food processing sector for the last five years ending 2017-18 at 2011-12 prices, as per the data provided by the National Accounts Division, Ministry of Statistics and Programme Implementation is given in the table below:

Year	2013-14	2014-15	2015-16	2016-17	2017-18
GVA growth rate(%)	0.39	2.66	20.55	10.76	7.68

1.6 On the query of the Committee regarding contribution of Food Processing Sector in total Gross value added or Gross Domestic Product of the Country during the last five years, the Ministry submitted:

"The contribution of the food processing sector in total Gross Value Added (All India) for the last five years ending 2017-18 at 2011-12 prices, as per the data provided by the National Accounts Division, Ministry of Statistics and Programme Implementation is given in the table below:

Year	2013-14	2014-15	2015-16	2016-17	2017-18
GVA –FPI (in Rs Lakh Crore)	1.30	1.34	1.61	1.78	1.92
% Share of GVA- FPI in GVA-All India	1.44	1.38	1.54	1.58	1.59

Note: The figures for 2018-19 would be available from Jan 2020.

1.7 When asked whether any study has been conducted by the Ministry to assess the potential of Food Processing Sector in the Country, the Ministry submitted as under:

No such study has been conducted. The Ministry is already seized of the food processing potential in the country given the fact that at present the level of food processing in India is only around 10% and the estimated annual post harvest losses of agricultural produce is Rs.92,651 crore. On production front of agricultural produce, India occupies first position in the production of milk; second in the production of cereals, fruits and vegetables and fish. There is thus huge opportunity in Food Processing Sector.

1.8 On the query of the Committee regarding, if an assessment was made ever by the Ministry about investment required in Food Processing Sector to enhance employment generation, the Ministry submitted:

As per Annual Survey of Industries, the employment potential per crore of fixed capital for the Food Processing sector for last four years ending 2016-17 may be seen in the Table below:

Year	Total Person engaged	Fixed Capital(in Rs Cr)	Employment per Crore of FC
2013-14	17,41,034	1,68,400.71	10
2014-15	17,73,939	1,91,993.61	9
2015-16	17,64,993	2,06,347.45	9
2016-17	18,53,851	2,26,045.47	8

As per Annual Survey of Industries, the invested capital in the registered Food Processing Sector, by 2014-15, 2015-16 and 2016-17 are in the order of Rs.3,68,433.71 Crore; Rs.3,86,339.38 Crore and Rs.4,17,690.89 Crore respectively. The Food Processing sector received US\$ 727.22 million, US\$904.90 million and US\$ 628.24 million worth of Foreign Direct Investment (FDI) equity inflows during 2016-17, 2017-18 and 2018-19 respectively.

1.9 When asked about the steps being taken by the Ministry to enhance Investment in the Food processing sector in the Country, the Ministry submitted:

Year-wise major policy/fiscal measures taken to promote investment in food processing is given in the Table below:

Year	Policy Measures/Initiatives
2014-15	Setting up of Special Food Processing Funds of Rs.2000 crore with National Bank for Agriculture and Rural Development
2015-16	Bringing Food-processing and value addition and cold chain infrastructure under the ambit of Priority Sector Lending (PSL)
2016-17	(a) Permission for 100% FDI under Government approval route for retail trading, including through e-commerce, in respect of food products produced and/or manufactured in India (b) Restructuring of the Schemes of the Ministry of Food Processing Industries under - Pradhan Mantri Kisan Sampda Yojana (PMKSY) by introducing three new schemes in addition to the existing schemes.
2018-19	(a) 100 percent income tax exemption from profit derived by FPOs having annual turnover up to Rs.100 Crore for activities such as post-harvest value addition to Agriculture. (b) Launched a new scheme of 'Operation Greens' for integrated development of value chain exclusively of Tomato, Onion and Potato (TOP) crops and their price stabilization through short term price intervention measures.

1.10 During the evidence, when attention of Ministry was drawn towards need to provide support to Food Processing unit based on Fishery sector, the representative of Ministry stated:-

"सर, कोल्ड चेन में मरीन में हमने काफी प्रोजैक्ट सपोर्ट किए हैं। विशेष तौर पर महाराष्ट्र में हमारे प्रोजैक्ट सिर्फ मरीन के लिए हैं, जो नवी-मुंबई में है फिशरीज के लिए और रायगढ़ में भी है। इसके अलावा मरीन सैक्टर में आंध्र प्रदेश और उड़ीसा में ज्यादा प्रोजैक्ट्स, जहां प्रॉन्स के हैं, वहां सैट-अप हुआ है। कोल्ड चेन प्रोजैक्ट में केरल में भी मरीन सैक्टर में सैट-अप हुआ है।

मरीन, प्रोसैसिंग, प्रिज़रवेशन के लिए औ प्रोसैसिंग के लिए हम लोग अपने कोल्ड-चेन प्रोजैक्ट में देते हैं, दस करोड़ तक का है और अभी पिछला राउंड जो हम लोगों का सैट-अप हुआ था, उसमें काफी प्रोजैक्ट्स मरीन के आए थे। उसमें हम दस करोड़ रुपये के लिए मैक्सिमम एक प्रोजैक्ट के लिए सब्सिडी देते हैं। प्रोजैक्ट कॉस्ट का 50 प्रतिशत देते हैं। अगर 20 करोड़ का प्रोजैक्ट है तो हम लोग 10 करोड़ रुपये देते हैं। आठ करोड़ रुपये का है तो उसमें चार करोड़ रुपये देंगे।"

L. Gender Budgeting

1.27 Gender Budgeting is a powerful tool for achieving gender mainstreaming so as to ensure that benefits of development reach women as much as men. The rationale for gender budgeting arises from recognition of the fact that national budgets impact men and women differently through the pattern of resource allocations. Women, constitute 48% of India's population, but they lag behind men on many social indicators like health, education, economic opportunities, etc. On the query of the Committee regarding initiative taken by the Ministry for adopting Gender Budgeting during formulation and implementation of its Schemes, the Ministry submitted:

"Schemes operated by this Ministry are aimed at providing facilities and incentives for promotion of Food Processing Industries in the Country. These Schemes are project oriented instead of being community, caste or gender specific.

Although the benefit accruing to women from these schemes has not been quantified, efforts are being made by the Ministry to ensure that the maximum benefit of the schemes of the Ministry reaches to the women stakeholders of the sector.

A Gender Budget Cell under the chairmanship of a Joint Secretary has been set up in the Ministry for effecting changes in the Ministry's policies and programs in a way that could tackle gender imbalances promote gender

equality and development and ensure that public resources through the Ministry's budget are allocated and managed accordingly."

M. Scheduled Castes Sub-Plan

1.28 Strategies of the Scheduled Caste Sub Plan (SCSP) envisage to channelise the flow of outlays and benefits from all the Sectors of development in the Annual Plans of States/UTs and Central Ministries at least in proportion to their population both in Physical and Financial terms. Q. Scheme for Mega Food Parks

1.42 The Scheme for Mega Food Park aims at providing a mechanism to link agricultural production to the market by bringing together farmers, processors and retailers so as to ensure maximizing value addition, minimizing wastage, increasing farmers' income and creating employment opportunities particularly in the rural sector. The Mega Food Park Scheme is based on "Cluster" approach and envisages creation of state of art support infrastructure in a well-defined agri/horticultural zone for setting up modern food processing units along with well-established supply chain. Mega Food Park typically consists of supply chain infrastructure including collection centers, primary processing centers, central processing centers and around 30-35 fully developed plots for entrepreneurs to set up food processing units. Out of 40 approved Mega Food Parks, four Mega Food Parks are completed, 13 Mega Food

Parks are operational, 21 Mega Food Parks are under implementation and two Mega Food Parks have been granted “In principle” approval as on date. Total BE 2019-20 allocations for the Scheme is Rs. 200.00 crore which is proposed to be reduced to Rs.140 crores in RE 2019-20.

1.43 When asked to furnish details of Financial allocations and Expenditure under the Mega Food Park scheme since 2017-18 , the Ministry submitted:

"Details of Financial allocations and Expenditure under the Mega Food Park scheme since 2017-18 are as follows:

Year	Proposed Allocations	BE	RE	Actual Expenditure
2017-18	-	300.00	298.56	296.71
2018-19	-	390.00	182.86	181.46
2019-20	-	200.00	140 (Proposed)	65.68 (As on 10.10.2019)
Total	-	890	621.42	543.85

1.44 When asked to furnish State-wise details of status of approved Projects, allocations of funds and utilizations made under the scheme since its inception, the Ministry submitted:

State-wise details of status of approved Projects, allocations of funds and utilizations made under the scheme since its inception are at **Annexure-I**.

1.45 When asked to furnish details of set up under MFP Scheme since 2017-18, the Ministry submitted:

"In addition to financial targets and achievements mentioned above, the physical targets and achievements of MFP projects under implementation are as under:

Year	2017-18	2018-19	2019-20
Target	11 MFPs were to be made operational. Out of which, 3 MFPs became operational.	16 MFPs were to be made operational. Out of which, 6 MFPs became operational.	12 MFPs are to be made operational. Out of which, 1 MFP has become operational as on date.

1.46 When asked about status of achievements under MFP scheme *vis a vis* objectives set by the Ministry, the Ministry submitted:

"Out of 42 MFPs sanctioned by the Government, 40 MFPs have been approved by the Ministry and are under various stages of implementation. Out of these, 17 MFPs have become operational as on date which has resulted in creation of Processing capacity – 8.28 lakh MT, Preservation capacity – 12.99 Lakh MT, Cold Storage/ freezer capacity- 1.03 Lakh MT, Warehouse – 1.84 Lakh MT and Silos – 0.78 Lakh MT. These operational MFPs have resulted in creation of 6,44,589 direct and indirect employments and have benefited above 58,000 farmers.

In these 40 MFP, presently plots to 339 food processing units have been leased out which are under various stages of implementation. Out of these, 46 units are operational. In addition, in order to promote MSEs, factory sheds have been rented out to 34 such food processing units."

1.47 On the query of the Committee regarding problems being faced by the Department in implementation of the MFP Scheme, the Ministry submitted:

"The problems being faced by the Ministry in implementation of the MFP Scheme are as under:-

- Lack of active role of State Governments in implementation of MFP scheme.
- SPV/IAs repeatedly failing to adhere the timelines assured for compliance of the conditions and targeted implementation of project components.
- Repeated EoIs are being invited due to cancellations of the approval of projects midway due to delay in implementation.
- Lack of incentives for MFP projects of the Ministry at par with SEZ, State Industrial parks etc."

1.48 In reply to a pertinent query by the Committee regarding delay in the operationalization of the Projects approved under MFP Scheme, the Ministry submitted as under:

"The reasons for delay in operationalization of the Projects approved under MFP Scheme are:-

- Delay in acquiring of appropriate land with CLU for CPC/PPC.
- Difficulty in getting Term loan.
- Delay in getting statutory clearances (environmental, town and country planning, ground water, electricity, etc.) from the State Government.
- Delay in equity contribution by co-promoters and change of promoter(s) midway
- Changes in DPR mid-way.
- Non availability of any special incentives for setting up units in Mega Food Parks"

1.49 When asked about system established by the Ministry to enhance coordination between State Government, Promoter and Central Government to remove obstacles in implementation of the projects under MFP Scheme, the Ministry submitted that following steps have been taken in this regard:

- "Issues taken up with State Governments to expedite statutory clearances and to remove the bottlenecks.
- State Governments and Ministry of Finance requested to provide fiscal incentives to the Mega Food Park projects.
- Issues taken up with the Banks/ FIs to expedite sanction of term loan to the projects.
- Infrastructure status accorded to MFPs.
- PSL status accorded to Food processing projects up to Rs.100 Cr per borrower.
- State Governments have been involved in selection and monitoring of the projects.
- Nominee Director of State on Board of SPV.
- District level committee for better synergy and coordination in implementation of project.
- Penalty provision for delay.
- Grant release linked to allotment of land.
- State Govt. PSUs allowed to take up project."

1.50 When asked about need of small Food Park in the Country, during the evidence, the Representative of Ministry stated as under:

"Sir, I will quickly respond briefly to the three questions. **महाराष्ट्र में तीन मेगा फूड पार्क्स हैं।** They are facing a lot of problems. इसको अगर एक्सपैड करना है तो इनकी प्रॉब्लम्स के बारे में हम क्या कर रहे हैं। **मेगा फूड पार्क्स की काफी स्टडी कराई है। हम लोगों ने 42 सैक्शन किए थे, कुछ कैसिल भी हुए हैं। महाराष्ट्र का केस लीजिए। सतारा में एक पार्क है, एक औरंगाबाद में है। मेगा फूड पार्क में प्रॉब्लम यह हो रही है कि** it is privately promoted investment. हमारा रिक्वायरमेंट यह है कि जब हम उनको मैक्सिमम 50 करोड़ रुपये देंगे, at the rate of 35 per cent of the project cost, at least 25 units should come. वह एक मैन्यूफैक्चरिंग क्लस्टर बनना चाहिए। अगर वह मैंगो एरिया है, टर्मरिक, डेयरी, जो भी कर रहे हैं, जो भी प्रोसेस कर रहे हैं और उसके प्रोडक्ट्स बना रहे हैं। हमने देखा है कि ये जो दो-तीन पार्क्स महाराष्ट्र में हैं, although they have completed, यूनिट्स नहीं लगाते हैं। जब कॉमन डेवलपमेंट हो जाता है, प्लॉट्स भी डेवलप हो जाते हैं, कॉमन प्रोसेसिंग सेंटर लगाता है, प्रमोटर्स अपना चला रहे हैं, वेयरहाउस चलता है, बाहर से हायरिंग में देते हैं, कुछ-कुछ उनके जो इंफ्रास्ट्रक्चर्स हैं, वह चलता है, लेकिन यूनिट्स बिल्कुल नहीं आते हैं। When you look at the reasons especially in Maharashtra, we have looked at it closely. It is because they have invested so much money that they will sell the plots at much higher rate than the neighbouring industrial land or non-agricultural land. कोई भी प्रमोटर इस कॉस्टली लैंड को लेने के लिए आता नहीं है। Of course, it will be costlier slightly because they have the best facilities. आप एक्सपोर्ट्स कर सकते हैं, टेस्टिंग लैब होती है, वर्ल्ड क्लास प्रोपर इंफ्रास्ट्रक्चर होता है तो कॉस्ट थोड़ी बढ़ेगी लेकिन ये जो प्रमोटर्स हैं, they make it beyond the reach of many entrepreneurs nearby.

Second thing is this. As it is a private park, there is 18 per cent service tax which has to be given in GST and that is even for lease also. So, it is costlier by that 18 per cent. So, there are some built in disincentives for populating the park. क्लियरेंसेस डिले होते हैं, प्रोजेक्ट कॉस्ट, it is a huge project. This project is more than Rs.50 crore. We have, therefore, desired the unit

scheme. इसके रिस्पोंस में हमने यूनिट्स स्कीम लगाया कि अगर कोई प्रमोटर इसमें डालेगा तो उसको 35-50 परसेंट सब्सिडी मिलेगी। अगर बाहर के लोग यूनिट लगाएंगे। उससे इनवेस्टमेंट की कॉस्ट थोड़ी कम हो जाए। इस वजह से काफी पार्क्स अभी हम पॉपुलेट कर पा रहे हैं। In Maharashtra, the problem is that the price of plot is still very high and the promoters are not willing to sell it to investors. After a lot of review, हमने पहले प्रजेन्टेशन में यह इसलिए बताया कि इस स्कीम को हम कंटीन्यू करना नहीं चाहते हैं, क्योंकि पार्क बनता है, इंफ्रास्ट्रक्चर रेडी है, हम यूनिट लगाने के लिए सब्सिडी देते हैं। फिर भी कई पार्क्स ऐसे हैं, जो फुली पॉपुलेट नहीं हो रहे हैं। गवर्नमेंट की इंटेंशन थी कि 50 करोड़ रुपये से हम 25 यूनिट्स वहां लगवाने का फैसिलिटेशन करें, यह शायद मुश्किल पड़ रहा है। We are not getting enough promoters to give that kind of 50 acres of land and Rs. 300 crore of investment. रिव्यू हुआ है इसलिए हमारी इंटेंशन यह है कि अभी 40 मेगा फूड पार्क हैं, इनको हम पूरी तरह से पॉपुलेट करेंगे और जो मिनी फूड पार्क्स हैं, जो 10 एकड़ के हैं, वहां प्रमोटर खुद 5 लगा देता है। So, there our success rate, I think, will be better. मिनी के लिए ही हम जा रहे हैं।"

1.51 Further elaborating on the above issue, the representative of Ministry submitted:

"हमारी एक स्कीम एग्री प्रोसेसिंग क्लस्टर है, जिसे मिनी फूड पार्क बोलते हैं। They can set up five units in ten acres. इसके लिए तेलंगाना का दो का टारगेट है, लेकिन एक आया है। We will increase this number. क्योंकि मेगा फूड पार्क स्कीम को हम कंटीन्यू नहीं करने वाले हैं। अगले फाइनेंशियल साइकल में एपीसी स्कीम का बजट बढ़ेगा। So, if Telangana can propose one to every constituency, we will be able to support with 50 per cent subsidy but we have received one..

R. Scheme for Integrated Cold Chain and Value Addition Infrastructure

1.52 The objective of the Scheme is to provide integrated cold chain and preservation infrastructure facilities, without any break, for the farm gate to the consumer. It covers pre-cooling facilities at production sites, refer vans, mobile cooling units as well as value addition centers which include infrastructural facilities like Processing/ Multi-line Processing/ Collection Centers etc. for horticulture, organic produce, marine, dairy, meat and poultry etc. As on 30th September, 2019, out of 313 projects, 177 projects have been completed. BE 2019-20 allocations for the Scheme is Rs. 290.00 crore which is proposed to be increased to Rs.317.50 crores in RE 2019-20.

1.53 When asked to furnish details of financial allocations and expenditure under Scheme for Integrated Cold Chain and Value Addition Infrastructure since 2017-18 , the Ministry submitted:

"Details of financial allocations and expenditure under the Scheme for Integrated Cold Chain & Value Addition Infrastructure are:

	Total	203	945.19	185	777.82

1.57 On the query of the Committee regarding problems =being faced by the Department in implementation of the Scheme, the Ministry submitted:

Projects are delayed due to delay in obtaining statutory approvals like CLU, CTE, Building plan, Power connection, FSSAI licence, Final sanction of term loan

S. Scheme for Creation / Expansion of Food Processing & Preservation Capacities

1.58 The main objective of the Scheme is creation of processing and preservation capacities and modernization/ expansion of existing Food Processing Units with a view to increasing the level of processing, value addition leading to reduction of wastage. The setting up of new units and modernization/ expansion of existing units are covered under the Scheme. The processing units undertake a wide range of processing activities depending on the processing sectors which results in value addition and/ or enhancing shelf life of the processed product. So far, 196 proposals have been approved. The provision of Rs.160.00 crores in BE 2019-20 for the scheme has been proposed to be increased to Rs.200.02 crores in RE 2019-20.

1.59 When asked to furnish details of Financial allocations and Expenditure under Scheme for the Creation / Expansion of Food Processing & Preservation Capacities since 2017-18 , the Ministry submitted:

The details of Financial allocations and Expenditure under Scheme for the Creation / Expansion of Food Processing & Preservation Capacities since 2017-18 are:

Year	Proposed Allocations	BE	RE	Actual Expenditure
2017-18	--	--	--	--

2017-18			2018-19			2019-20
BE	RE	Actual Exp.	BE	RE	Actual Exp.	BE
95	21.18	11.31	395	90	74.85	160

1.63 When asked about specific reasons for very low level of Actual Expenditure as against available funds at RE stage during FY 2017-18, the Ministry submitted:

"The Scheme was launched by CCEA on 03.05.2017 and guidelines were notified in the month of July 2017. The first approval was given to the applicant on 19.02.2018. Further, the implementation period of the project is 18 months. Since, there were very chances of expenditure on the approved Projects, there was NIL allocations at RE stage in FY 2017-18."

1.64 When asked about the reasons for drastic reduction of funds at RE stage under the Scheme in FY 2018-19, the Ministry submitted:

"The scheme was approved by CCEA on 03.05.2017 under PMKSY and guidelines were notified in July 2017. The first approval was given to the applicant on 19.02.2018. Further, the implementation period of the project is 18 months. Since, there were very little chances of expenditure on the approved projects, there was NIL allocations at RE stage in FY 2017-18."

T. Scheme for Creation of Infrastructure for Agro-processing Clusters

1.65 The Scheme aims at development of modern infrastructure and common facilities to encourage group of entrepreneurs to set up food processing units based on cluster approach. BE of Rs. 48.75 crore has been allocated to the scheme during the current financial year (2019-20). 48 proposals have been approved so far. The process of approval of projects is continuing. The Scheme Budget in RE 2019-20 has been proposed to be increased to Rs.51.19 crore.

1.66 When asked to furnish details of financial allocations and expenditure under Scheme for Creation of Infrastructure for Agro-processing Clusters since 2017-18 , the Ministry submitted as under:-

"Details of financial allocations and expenditure under Scheme for Creation of Infrastructure for Agro-processing Clusters since 2017-18 are:

BE	RE	Actual Exp.	BE	RE	Actual Exp.	BE
35	0.00	0.00	20	30	22.65	48.75

1.70 When asked about reasons for Nil Allocations at RE stage during FY 2017-18, the Ministry submitted:

"The Scheme was approved by CCEA on 03.05.2017 under PMKSY and guidelines were notified in July 2017. The first approval was given to the applicant on 15.03.2019. Further, the implementation period of the Project is 20 months in general areas and 24 months in North East and difficult areas. Since, there were very little chances of expenditure on the approved Projects, there was NIL allocations at RE stage in FY 2017-18."

1.71 When asked about reasons for enhancement of funds at RE Stage under the Scheme in FY 2018-19 though the Actual Expenditure was very low during the period, the Ministry submitted:

"Enhancement of funds at RE stage was sought only in General Head of the scheme as some proposals were pending for release of 1st installment of grants-in-aid. However, no additional funds were sought at RE stage w.r.t. SCSP, TSP or NER heads at RE stage."

U. Scheme For Creation Of Backward And Forward Linkages

1.72 The objective of the scheme is to provide effective and seamless backward and forward integration for processed Food Industry by plugging the gaps in supply

chain in terms of availability of raw material and linkages with the market. Under the Scheme, financial assistance is provided for the setting up of primary processing center/ collection centers at farm gate and modern retail outlets at the front end along with connectivity through insulated/ refrigerated transport. The provision of Rs.40.00 crore in BE 2019-20 for the scheme has been proposed to be increased to Rs.55.50 crore in RE 2019-20.

1.73 When asked to furnish details of financial allocations and expenditure under Scheme for Creation of Backward and Forward Linkages since 2017-18 , the Ministry submitted :

"Details of financial allocations and expenditure under the Scheme for Creation of Backward & Forward Linkages since 2017-18:-

1.76 When asked about reasons for NIL Allocations at RE Stage during FY 2017-18, the Ministry submitted:

"The Scheme for Creation of Backward & Forward Linkages was launched in the month of May, 2017. The proposals were invited vide EOI in the month of August 2017 and the last date for submission of proposals was in November 2017. The evaluation process for the 55 applications received in November 2017 was finished in February 2018. As there was no possibility of release of funds in FY 2017-18, the RE was taken as NIL."

1.77 When asked about the reasons for very low level of Actual Expenditure as against available funds at RE Stage during FY 2018-19, the Ministry submitted as under:

The Revised Estimate for FY 2018-19 was Rs. 18.80 crore out of which only Rs. 11.49 crore could be spent as the Ministry did not receive sufficient proposals from the approved projects belonging to SC/ST/NER Category for release of their grant instalments.

1.78 When asked about reasons for doubling the funds availability at BE Stage in current FY, the Ministry submitted:

"The BE amount for FY 2019-20 was doubled from the BE amount for FY 2018-19 as it was expected that the Ministry shall receive various proposals for release of grant instalments from approved projects which were due for completion in this current FY (especially General category projects with shorter implementation schedules)."

V. Scheme for Food Safety and Quality Assurance Infrastructure

1.79 This Scheme is envisaged with components of i) Setting up upgradation of Food Testing Laboratories and (ii) Adoption of Food Safety and Quality Assurance systems such as ISO 9000/ISO 22000/Hazard Analysis and Critical Control Points (HACCP), Good Manufacturing Practices (GMP) and Good Hygienic Practices (GHP) by food processing units. The BE 2019-20 for the scheme is maintained at Rs.40.00 crores in proposed RE 2019-20 also.

1.80 When asked to furnish details of financial allocations and expenditure Scheme for Food Safety and Quality Assurance Infrastructure since 2017-18 , the Ministry submitted:

"The details of financial allocations and expenditure Scheme for Food Safety and Quality Assurance Infrastructure since 2017-18 are:

* Proposed RE.								
# As on 25.10.2019								

1.81 When asked to furnish State-wise details of status of Approved Projects, allocations of funds and utilization under the Scheme since its inception, the Ministry submitted:

"a. State Wise Status of the Approved Projects, Allocations (Grant Approved) and utilization (Grant Released) for the completed and on-going projects under the Scheme of Setting Up/ Up gradation of Food Testing Laboratories is at **Annexure-VIII& IX respectively.**

b. State Wise list of Projects assisted under the Scheme of Implementation of HACCP/ISO 22000, ISO 9000/GHP/GMP and other quality/safety management systems in food processing units is at **Annexure-X."**

1.82 When asked about status of achievements under this Scheme *vis a vis* objectives, the Ministry submitted:

"Financial progress is as follows:

(Rs. in Crore)

2017-18			2018-19			2019-20

----	----	----	----	----	-------	----

1.83 It was further submitted by the Ministry that:

"The objectives of the Scheme of Food Safety and Quality Assurance Infrastructure are:

Setting up/Up gradation and operationalization of The Food Testing Laboratory Infrastructure helps to assure quality and safety of food & food products through the testing of the raw material and the end products. This further, enhances the consumer confidence, increase in acceptability of such tested food and food products and increase in the domestic and international trade.

Production of food in HACCP/ISO certified plant gives assurance in the food production chain/process for safety and quality thereby increasing the business of food processing sector. It helps to strengthen end to end assurance of Quality and Safety in Food Production/Supply Chain by adopting and implementing best Quality and Management practices and proper record keeping.

As such the achievement of the scheme is not quantifiable, however, development of the whole sector and improvement in the processed food sector are some of the indicators of assessment in the given scenario of food processing sector.

The Department in their background material has however, submitted following details:-

1.84 When asked about the reasons for very low level of Actual Expenditure as against available funds at RE stage during FY 2018-19 , the Ministry submitted:

"The scheme was launched in May, 2017 and the first lot of projects was approved in April, 2018. As per scheme guidelines the period for submission of documents for first installment is 8 months in General area and 10 months in Difficult areas. In 2018-19, no. of eligible projects were less in number."

W. Scheme for Human Resources and Institutions

1.85 When asked to furnish details of financial allocations and expenditure Scheme for Human Resources and Institutions since 2017-18 , the Ministry submitted as under:

1.87 When asked about status of achievements under this scheme *vis a vis* objectives, the Ministry submitted:

"Financial progress is given as below:

(Rs. in Crore)

2017-18			2018-19			2019-20
BE	RE	Actual Exp.	BE	RE	Actual Exp.	BE

The objectives of the Scheme for Human Resources and Institution-Skill Development (SHRISD) are as follows:

- i. Develop training/ Course modules in English, Hindi and recognized regional languages based on the Qualification Packages (QPs) validated by the NSDA as National Occupational Standards for different job roles in various sectors of Food Processing Industries.
- ii. Assist Training Centers (TCs) for building requisite infrastructure for providing skill training for different job-roles.

The Ministry is working in close collaboration with Food Industry Capacity and Skill Initiative (FICSI), the Sector Skill Council (SSC) in food processing. It is regularly guiding and assisting FICSI in achieving its mandate. FICSI is working on identification of job roles and competencies required for each job role so as to develop National Occupational Standards (NOS) for different sectors of food processing. The Ministry is helping to strengthen the SSC in this sector by helping in all possible ways to complete the validations of the Qualification Packs (QPs) and also helping in development of the course curriculum. Till date 49 QPs and course content for 33 QPs have been finalized for Food Processing sector. The Ministry is also assisting development of additional 13 QPs which are likely to be finalized soon.

Ministry finalized detailed Guidelines for the Scheme and has further revised it to make it more attractive. After having stakeholders' consultation, guidelines were revised on 05/10/2018 to make it more investor friendly and proposals were invited on 06/12/2018. Two suitable proposals received during 2018-19 were approved for providing grant-in-aid for creation of infrastructure facilities for Skill Training Centers in F.Y. 2018-19 and Ministry has also released 1st installment of financial assistance to them. The guidelines were further revised on 11.03.2019 and Mega Food Parks/Agro Processing Clusters were included as a separate category of eligible applicants. In the current Financial Year (2019-20), 4 proposals have been approved and 14 proposals are under examination/consideration by the Ministry."

1.88 The Department in its background material has submitted the following details:-

1.89 When asked about reasons for low level of Actual Expenditure as against available funds at RE stage during FY 2017-18 and 2018-19, the Ministry submitted:

"Scheme Guidelines were first issued on 22/11/2017 and proposals invited on 29/11/2017. No suitable proposal could be received. This was the reason that no expenditure could be incurred in F.Y.2017-18.

After having stakeholders' consultation, guidelines were revised on 05/10/2018 to make it more investor friendly and proposals were invited on 06/12/2018. Two suitable proposals for establishment of skill training centres received during 2018-19 were approved on 27.03.2019 and a total of Rs. 0.44 crore was sanctioned as the 1st installment of grant-in-aid. Total expenditure of Rs. 1.89 crore was incurred in F.Y. 2018-19, which also includes the payment of Rs. 1.45 crore made to NIFTEM as pending payment for a project of development of 30 QPs of FoodProcessing."

X. Operation Greens – A scheme for integrated development of Tomato, Onion and Potato

1.90 The Ministry in its Annual Report (2018-19) has mentioned that pursuant to Budget Announcement for the year 2018-19, MoFPI has launched a new Central Sector Scheme "Operation Greens – A Scheme for the integrated development of Tomato, Onion and Potato" with a Budgetary Allocations of Rs.500 crore till 2019-20. Operational Guidelines for the Scheme of "Operation Greens" were uploaded on the website of the Ministry on 05/11/2018. Advertisement regarding Invitation of proposal under the scheme was issued in Newspaper on 10/11/2018.

1.91 Major objectives of "Operation Greens" were given as follows:

- i. Enhancing value realization of Tomato, Onion and Potato (TOP) farmers by targeted interventions to strengthen TOP production clusters and their FPOs, and linking/ connecting them with the market.
- ii. Price stabilization for producers and consumers by proper production planning in the TOP clusters and introduction of dual use varieties through convergence with the scheme implemented by Mission for Integrated Development of Horticulture (MIDH) and State Governments.

- iii. Reduction in post-harvest losses by creation of farm gate infrastructure, development of suitable agri-logistics, and creation of appropriate storage capacity linking consumption centres.
- iv. Increase in food processing capacities and value addition in TOP value chain by creating firm linkages with production clusters.
- v. Setting up of a market intelligence network to collect and collate real time data on demand and supply and price on regional and seasonal basis to moderate and check localized gluts of TOP crops."

1.92 In their Background Material the Ministry has submitted the following information:-

(Rs. in Crore)			
Year	BE	RE	Expenditure
2018-19	00.00	200.00	5.50

1.93 When asked about the reasons for expenditure of only ₹ 5.50 crore during 2018-19, the Ministry submitted:

"The Operation Greens scheme is a new central sector scheme and it was launched in Nov'2018. During 2018-2019, two integrated value chain development projects were approved by the Ministry vide letter dated 20.03.2019. The scheme guidelines requires compliance of certain conditions for submission of claim for release of grant by the project implementing agency for which it prescribe three monthstimeline.

₹ 5.50 Crore was released to NAFED, which is nodal agency for implementation of short-term price stabilization measures under the Scheme."

1.94 On the above issue, during the evidence, the representative of Ministry stated as follows:

"सर, जो यह ऑपरेशन ग्रीन्स की स्कीम थी, it is a Budget announcement which came in March, 2018 and the scheme was approved. Once the Budget announcement comes, the scheme is formulated and then it gets approval of all competent authorities and we got it in November, 2018. After that we have to issue advertisements for promoters to apply for the scheme. from February onwards, there was a model code of conduct. So, Between February, 19 to May, 2019 we somehow managed to sanction two projects to Andhra Pradesh and one in Gujarat just before the election notification. But nothing happened till May, 2019. We resumed everything and now we have sanctioned three more projects in the month of October. It is a process; we issue an advertisement, we have to give 45 days' time, people come with project

proposals. So, these are teething troubles in my view. We have now five projects in hand. since it is a Budget announcement, we could not reduce the RE in 2018-19. This year, we have proposed 40, maybe we will spend 40, but from 2020-21 onwards, expenditure will happen.

Let me explain it. Another reason for all our schemes starting slow in expenditure is that we give money on a reimbursement basis. We do not give advance to anyone. The private entrepreneur has to spend his own margin money and the bank component, and then he has to tell us for money from us. Each of them has some eight months for this process to happen. So, this is the reason that our schemes take off slowly. But if you look at cold chain today, it just gets spent because lots of projects are there in the pipeline."

1.95 On the query of the Committee regarding strategy devised by the Ministry to achieve the objectives of the Scheme, the Ministry submitted:

"The Scheme has following two-pronged strategy to meet its objective: -

(a) Short term: price stabilization measures

During the glut situation at the time of harvest, evacuation of surplus production from the producing area to the consumption centres will be undertaken. NAFED has been appointed as Nodal Agency for short term price stabilization measures.

(b) Long term: integrated value chain development projects.

Pilot projects will be implemented in identified clusters for each TOP crops in major producing States for development of integrated value chain. Farmers in the production clusters will be organized into FPOs to manage production, post-harvest activities, value addition and marketing of the TOP produce. The capacity of the existing FPOs will also be enhanced through appropriate training and professional management support."

1.96 When asked about facilities being extended to the farmers under the scheme, during the evidence, the representative of Ministry stated:

"ऑपरेशन ग्रीन एक नई स्कीम है और इसमें तीन पैरीशेबल क्रॉप्स टमाटर, आलू और प्याज हैं। इसमें प्राइस का काफी फ्लक्चुएशन होता है और काफी सारा वेस्टेजिस भी होता है। So, the aim of this scheme is two-fold. एक तो कंज्यूमर्स और फार्मर्स के लिए प्राइस स्टेब्लाइजेशन करना है। सीजन में पैदावार ज्यादा होने से प्राइस काफी कम हो जाता है Farmers throw it on the roads even potatoes in States like UP. Rest of the time, the consumers are hit because of the high price. Since we are highest producers also of these crops, there is a surplus production of all these crops, we should be able to value add and extend the shelf life. इसके लिए जो

भी इंफ्रास्ट्रक्चर और सब्सिडी की आवश्यकता है, हम सहायता करते हैं। हम सप्लायी चैन को मजबूत करने के लिए 50 परसेंट सब्सिडी देते हैं। यह एक पायलट स्कीम है और टॉप तीन प्रोड्यूसिंग स्टेट में क्लस्टर को आइडेंटिफाई कर रहे हैं। आलू में यूपी, प. बंगाल और बिहार है। अभी प्याज के ज्यादा दाम हो गए हैं तो हम नेफेड के माध्यम से राज्य सरकारों को लिखते हैं कि जहां ज्यादा दाम प्याज के हो गए हैं, वहां प्याज लाने के लिए हम 50 परसेंट सब्सिडी ट्रांसपोर्ट के लिए देते हैं। यदि कहीं स्टोर करना है तो उसके लिए भी 50 परसेंट स्टोरेज कॉस्ट देते हैं। हम यह नेफेड के माध्यम से करते हैं क्योंकि उनके पास इसके लिए इंफ्रास्ट्रक्चर है। यह तो एक छोटा कम्पोनेंट है। हम ज्यादातर लॉन्ग टर्म का करते हैं। जैसे आलू है, जब नया आलू आता है तो पुराना वाला कम दाम पर बिकता है तो हम उसको प्रोसेस करने के लिए प्रोसेसिंग इंफ्रास्ट्रक्चर देंगे, कोल्ड स्टोरेज देंगे, उनको अपग्रेड करने के लिए 50 परसेंट सब्सिडी देते हैं।"

1.97 On the above issue, during the evidence, the Representative of Ministry stated:

"यह पायलट फेज़ है, यह लास्ट ईयर सैंक्शन हुआ है, सन् 2021 से इस स्कीम को हम पायलट से निकाल कर ऑल इंडिया कर देंगे, तब यह सब क्राइटेरिया नहीं लगेगा।"

1.98 When asked about steps taken by the Ministry to enhance cooperation and coordination of State Governments and other Departments/Ministries for implementation of the Scheme, the Ministry submitted:

"The Principal Secretary /Secretary of the States and Mission Director (State Horticulture Mission) are the member of Mission Operation Greens, which scrutinize the proposals and make representation to Inter Ministerial Approval Committee (IMAC) for approval of project. They are also member in the IMAC constituted under the scheme for approval of the projects.

For facilitating coordination with State Govt and monitoring of project implementation, Project Implementing Agency is required to appoint Ministry/State's nominee director on its board /Governing body.

State Governments are expected to provide the necessary support to PIA in setting up of integrated value chain development project in the cluster. Active participation/involvement of States is required for the following:-

- i. Designating a nodal officer at the level of Secretary to State Govt;
- ii. Facilitating submission of proposal to MoFPI for integrated value chain development project to be set-up in these clusters;
- iii. Exempting selected clusters from the provisions of APMC Act/regulations for TOP crops to promote direct buying and innovative marketing models;
- iv. Facilitating NAFED (through itself or through other Co-operative Federations, Central/State govt. agencies etc.) in hiring appropriate storage facilities for TOP crops during glut period;
- v. Facilitating credit to FPOs and farmers group in the following areas:
 - a. Margin money for working capital

- b. Interest Subvention
- c. Credit Guarantee to banks and subsidiaries of NABARD
- vi. Facilitating PIAs in obtaining mandatory approval/clearance as per prevailing rules."

1.99 When asked about status of setting up of Marketing Intelligence Network, the Ministry submitted:

"A Market Intelligence and Early Warning System (MIEWS) online portal system to collate real time price as well as demand/supply data regarding TOP crops has been designed by NAFED through M/s Agriwatch, which is expected to be launched shortly."

1.100 When asked about steps taken by the Department to contain the prices during instances of spurt on the prices of TOP crops since inception of the Scheme, the Ministry submitted:

"Under the scheme, short-term price stabilization measures is to be undertaken only at the time of glut situation at the time of harvest.

However, under long term integrated value chain development project, the essential components such as Capacity Building of FPOs & their consortium, Quality Production, Post harvest processing facilities, Agri-logistics and Marketing / Consumption points are expected to result into price stabilization at the both end i.e. farmers and consumer."

1.101 When asked to furnish details of action taken by the Ministry to extend help to the farmers in recent cases of over production and price drop of TOP crops since inception of these scheme, the Ministry submitted:

"Ministry has accorded in-principle approval vide letter dated 16.05.2019 to Govt. of Madhya Pradesh for short-term intervention for Onion crop during the period of May-July 2019.

An amount of ₹ 5 crores has been released as advance to NAFED for short term price stabilization measures. However, no money has been utilized till date."

1.102 When asked to furnish state-wise details of allocations and utilization of funds since inception of this scheme, the Ministry submitted:

"State-wise allocations of funds not done in Operation Greens scheme. The details of utilization of funds since inception of the scheme are as under:

Year	Proposed allocations	BE	RE	Actual Expenditure
2018-19	--	0.0	200.00	5.50
2019-20	--	200.00	-	0.27

1.103 On the query of the Committee regarding problems being faced by the Ministry during implementation of this Scheme, the Ministry submitted:

"Based on the experience and suggestion received from investors, Ministry has revised the scheme guideline thrice on 10.12.2018, 10.01.2019 and 20.09.2019. As the project under the scheme are of integrated nature, the size of investment in the project is large, which requires investment in the different components at different locations along the value chain. The following major constraints have been reported to the Ministry regarding delay in submission of proposals:

- a. the project (*farm level and post-harvest processing infrastructure*) has to be set-up in the identified clusters.
- b. Applicant needs to bring 20 percent (*10 percent in case of FPO/SC/ST*) as term loan from the bank/financial institutions, which is one of the eligibility criterial for submission of proposals.
- c. In case of FPO, the eligibility condition of net-worth, term loan and equity is the major obstacle."

PART II

OBSERVATIONS/RECOMMENDATIONS OF THE COMMITTEE

GROWTH RATE OF FOOD PROCESSING SECTOR

1. The Committee observe that presence of a robust and competitive Food Processing Industry is necessary to take benefit of abundant agriculture production in the Country. The Committee note that Food Processing Sector is continuously enhancing their share in Indian Economy. Share of Food Processing Sector has increased from 1.38 percent in 2014-15 to 1.59 in 2017-18. However, the Committee observe that Growth Rate of Food Processing Sector has shown a fluctuating trend. The Growth rate of this Sector has varied from 0.39 percent in 2013-14 to 7.68 percent in 2017-18. The Committee are also surprised to note that the Ministry of Food Processing Industries has neither made any assessment of potential of the Food Processing Sector in the Country nor about investment required in the Sector to enhance employment generation. The Committee are of view that there is need of comprehensive review of Food Processing Sector in the country rather than piecemeal policy interventions in order to bring consistency in growth rate of the Sector. The Committee, therefore, desire the Ministry to constitute an Expert Committee for review of the Food Processing Sector in terms of State-wise potential and opportunities available, International and Domestic market demand, emerging trends, Infrastructure assessment, technological preparedness, policy lacuna alongwith the interventions required etc. The Committee would like to be apprized about steps taken in this direction within three months of presentation of this Report.

ANALYSIS OF DEMANDS

2. The Committee note that allocations of Rs. 1196.6 crore (BE) have been made for Ministry of Food Processing Industries which is mere 0.04 percent of total allocations of Central Government for 2019-20. The Committee also note that there is reduction of Rs. 203.4 crore in allocations to the Ministry as compared to 2018-19 (BE). The Committee also observe that the Ministry were

not able to utilize allocated funds in the previous financial years. The Ministry were able to utilize only Rs. 605.59 crore and 591.38 crore as against allocations of Rs. 633.8 crore and Rs. 870.33 crore during 2017-18 and 2018-19. The Committee have been informed that the procedural delays in finalization of operational guidelines and approval of Cabinet have caused disruption in implementation of schemes during 2017-18 and 2018-19. The Committee have been assured that the Ministry is now in position to utilize allocated funds in current year. However, the Committee note that there is reduction of Rs. 201.57 crore in various Schemes of the Ministry in current financial year at RE stage. The Committee are of view that the Ministry should be prepared for making necessary arrangements such as operational guidelines, Expression of Interest and other necessary requirements once Schemes are approved by the Government and funds are approved by Parliament. The Committee strongly disapprove laxity shown by the Ministry in utilization of funds. The Committee hope that the Ministry will improve its performance in future in order to achieve its aim of making India a hub for Food Processing Industries.

STATUS OF UTILIZATION CERTIFICATES

3. The issue of liquidation of Outstanding Utilization Certificates has been raised time and again by the Committee in their earlier Reports as well during the Sixteenth Lok Sabha. However, the Committee note that the Ministry are grappling with huge pendency of Utilization Certificates of funds that are yet to be received from various State Governments. The Committee have been informed that there is pendency of Utilization Certificates to the tune of Rs.624.25 crore as on 01 April, 2019. The Committee are of view that the time has finally come to look at this vexed issue, afresh, so as to initiate corrective measures that would comprehensively deal with the issue at hand. They, therefore, desire the Ministry to pursue the matter proactively with all Implementing Agencies so as to be find a lasting solution to this perennial problem. They should clearly indicate to the Implementing Agencies about availability of funds based on the Utilization Certificates in future to make sure that the defaulting States/UTs fall in line.

GENDER BUDGETING

4. The Committee note that Gender Budgeting is an ongoing process of keeping a gender perspective in Policy/ Programme Formulation, their implementation and review. It is a powerful tool for achieving gender mainstreaming so as to ensure that benefits of development reach women as much as men. The Committee note that the Ministry of Food Processing Industries have constituted a Gender Budget Cell under the Chairmanship of a Joint Secretary in the Ministry for effecting changes in the Ministry's Policies and Programs in a way that could tackle gender imbalances to promote gender equality and development and ensure that public resources through the Ministry's budget are allocated and managed accordingly. The Committee were informed that the Schemes of Ministry are Project-oriented instead of being community, caste or gender specific. Although the benefit accruing to women from these Schemes has not been quantified, efforts are being made by the Ministry to ensure that the maximum benefit of the Schemes of the Ministry reaches to the women stakeholders in the Sector. The Committee express their displeasure that the Ministry has failed to furnish State-wise details of women beneficiaries under each Schemes of Food Processing Sector since 2017-18. The Committee do not see any favourable inputs from the Gender Budget Cell, if they are not able to maintain records of Women beneficiaries under various Schemes being implemented by them. The Committee desire the Ministry to make Gender Budgeting Cell functional and rigorous. The Committee further desire the Department to take up the issue of Gender budgeting in letter and spirit and earmark specific allocation for the same.

IMPLEMENTATION OF SCHEMES IN NORTH EASTERN AREA

5. The Committee note that 10 percent of Plan Budget of Central Ministries are earmarked for implementation of Schemes in the North Eastern Regions of Country. The Committee have been informed that the Ministry has made allocations of Rs. 331.44 crore for North Eastern regions during 2017-2019. However, the Committee are surprised to note that the Ministry was not able to fully utilize funds under the same head during previous years. The Committee note that the Ministry has utilized only Rs. 51.02 crore ,Rs. 38.25 crore and 7.7

crore as against allocations of Rs. 71.4 crore, Rs. 150.8 crore and 109.4 crore during 2017-18 , 2018-19 and 2019-20 (As on 25.10.2019) respectively. The Committee are of view that North Eastern Region of our Country has unique geographical and climatic conditions which are suitable for specific crops and Horticulture. There is also scope for Food Processing Industries based on meat and fisheries Sector. The Committee are of opinion that there is need of Specific Schemes for various States depending upon availability and scope of local agriculture produce. The Ministry is not expected to implement same Schemes in the North Eastern Region which are being implemented in other States. The Committee, therefore, recommend the Ministry to take steps to formulate Specific Schemes for each State or a Group of States depending upon their geo-climatic conditions, agriculture practices and also helping in the scope for setting of Food Processing Industries. The Committee also recommend the Ministry to consult Ministry of Finance to make suitable changes in policy for allocations for schemes specifically made for North Eastern Region rather than carving out 10 percent fund for NE Region under each Scheme. The Committee would like to be apprized about steps taken in this direction within three months of presentation of this Report.

SCHEDULED CASTE SUB PLAN (SCSP)

6. The Committee note that Scheduled Caste Sub Plan (SCSP) envisage to channelize the flow of outlays and benefits from all the Sectors of development in the Annual Plans of States/UTs and Central Ministries at least in proportion to their population both in physical and financial terms. In this regard, the Committee note that Ministry of Food Processing Industries was in the Non-obligatory Category till 2017-18 for earmarking of funds for SCSP under its Schemes. The Committee note that the Ministry earmarked 4.3 % and 8.3 Percent of the allocated funds under the Schemes except the Scheme of Mega Food Parks for SC Component in the Budget of 2018-19 and 2019-20 respectively. However, the Committee are distressed to note that the Ministry was able to utilize only Rs. 7.86 crore and 9.90 crore (as on 25.10.2019) as against allocations of 55.00 crore and 91.38 crore during 2018-19 and 2019-20 respectively. The Committee further note that the Ministry has approved only

21 Projects under various Schemes under SC Component till date. There is nil allocations under SC Sub plan during 2018-19 and 2019-20 in many States such as Assam, Bihar, Chhattisgarh, Odisha, Jharkhand, Chhattisgarh, Kerala, Rajasthan, etc. which have significant Scheduled Caste population. The Committee are of view that there is need to spread awareness among Scheduled Caste population about incentives being provided to them under various Schemes being implemented by the Ministry. The Committee desire the Ministry to take an awareness Campaign in States with significant Schedules caste Population so that they can be educated about benefits of Schemes and are inspired to establish Food Processing Units. There is also need to analyze reasons for low participation of Scheduled Caste population in the Schemes of the Food Processing Sector. The Committee, therefore, recommend the Ministry to constitute a Fact Finding Committee for the same.

TRIBAL SUB PLAN (TSP)

7. The Committee note that Tribal *Sub-Plan* (TSP) is a strategy for the rapid Socio-economic development of *tribal* people. It forms a part of annual *Plan* of a State/UT. Ministry of Food Processing Industries was in non-obligatory category till 2017-18 for earmarking of funds for TSP under its schemes. The Committee have been informed that the Ministry has earmarked 4.3% of allocated funds for Tribal sub Plan under the schemes except the scheme of Mega Food Parks based on ceiling prescribed by Department of Economic Affairs vide their OM dated 26.12.2017. The Committee note that the Ministry have earmarked Rs. 55.00 crore and 47.34 crore at BE stage during 2018-19 and 2019-20 for TSP component under different schemes/ programmes. However, the Committee are flabbergasted to note that the Ministry were able to utilize only 5.75 crore during 2018-19. Further, Committee are surprised to note that the Ministry has been able to approve only 6 Projects under Tribal Sub Plan as on 30.09.2019. The Committee further note that no project has been approved in most States except Chhattisgarh, Maharashtra, Mizoram and Nagaland. There is nil allocations under TSP during 2018-19 and 2019-20 in many States such as Madhya Pradesh, Odisha, Arunachal Pradesh, Assam, Jharkhand, Chhattisgarh, Karnataka, Rajasthan etc. which have significant tribal population. The Committee observe that tribal population in various

parts of Country has rich agriculture and culinary tradition. The Committee are of view that there is lots of potential for establishment of food processing industries by tribal population. The Committee, therefore, recommend the Ministry to take corrective steps and make earnest efforts for optimum utilization of funds in order to ameliorate the economic condition of tribal in the Country. The Committee would like to be apprised of corrective action taken in this regard.

OPERATION GREENS – A SCHEME FOR INTEGRATED DEVELOPMENT OF TOMATO, ONION AND POTATO

8. The Committee note that the Ministry have launched a new central sector scheme “Operation Greens – A scheme for integrated development of Tomato, Onion and Potato” with a budgetary allocation of Rs.500 crore in 2018-19. The Scheme was for two financial years till 2019-20. The Scheme aims at enhancing value realization of Tomato, Onion and Potato (TOP) farmers by targeted interventions to strengthen TOP production clusters and their FPOs, and linking/ connecting them with the market, price stabilization for producers and consumers, reduction in post-harvest losses, increase in food processing capacities and value addition in TOP value chain and setting up of a market intelligence network to collect and collate real time data on demand and supply and price on regional and seasonal basis to moderate and check localized gluts of TOP crops. The Committee have been informed that the Ministry aims to utilize two pronged strategy namely short term for price stabilization measures and long term for integrated value chain development projects. However, the Committee are surprised to note that Ministry were able to utilize only Rs. 5.5 crore as against allocations of Rs. 200 crore during 2018-19. Utilization level under the scheme during current year is also low as the Ministry have utilized only 27 lakh till furnishing of information to the Committee. The Committee have been further informed that scheme is being tested as pilot level and expected to be continued in during next financial year. The Committee observe that nothing much has been done under the scheme as most of the proposals are yet to be fructified. The Committee note that Market Intelligence and Early Warning System (MIEWS) online portal system to collate real time price as well as demand/supply data regarding TOP crops are yet to be launched. The Committee are of view the Ministry has miserably

failed in implementation of Scheme as none of targets of Scheme has been achieved and most of the proposals of the Ministry are yet to see the light of the day. The Committee are of view that schemes of similar nature are being implemented by the Department of Agriculture, Cooperation and Farmers' Welfare (DAC &FW). Similarly, NAFED is also under the administrative control of DAC &FW. So, administratively they are experienced and better placed to implement this scheme. The Committee, therefore, desire the Ministry to communicate views of the Committee to the Government. In the meantime, the Committee desire the Ministry to sanction projects under the Scheme so that farmers and consumers may be benefitted from earmarked funds.
