

in a tribal belt, the Ferro-Vandanium Plant should be set up as early as possible. The local people are very much agitated due to the inordinate delay in the establishment of plant.

I demand that the Ferro-Vanadium Plant should be set up at Jharadi near Rairangpur in Mayurbhanj district during the 1984-85 financial year.

(xxxix) Need for having a code for blood donation and need [for formulation of blood policy

SHRI C. CHINNASWAMY (Gobichettipalayam) : Sir, The need for formulation of blood policy' should be given due consideration by the Government. As of today, the quality and level of blood transfusion services in India leave much to be desired. About 30% of donors in India are those who are selling blood for money and the bad effects of such a practice is known to the medical community. Doctors are of opinion that some diseases can be transmitted by blood obtained from commercial donors. There should be a code of the ethics is blood banking and the formulation of blood policy and a national blood programme by integrating Community responsibility for blood donation with clinical capabilities would make transfusion safe for both the donor and the recipient. What is needed is a voluntary blood donation system and if every healthy person donated blood only a few times in his life time, the system could be greatly improved.

श्री चन्द्रपाल शैलानी (हाथरस) : सभापति महोदय, उत्तर प्रदेश के ओबरा, हरदुआगंज तथा पनकी बिजलोघरों में कई दिनों से हड़ताल चल रही है। उसकी वजह से समूचा उत्तर प्रदेश अंधकार में डुबा हुआ है। अब उस हड़ताल में इंजीनियर और जूनियर इंजीनियर भी शामिल हो गए हैं, जिसकी वजह से उद्योगों को दी जाने वाली बिजली में भारी कटौती कर

दी गई है। इसका परिणाम यह है कि मिलों, कारखानों और फैक्ट्रियों में उत्पादन ठप्प हो गया है।

यही नहीं पश्चिमी उत्तर प्रदेश में भयंकर सूखा, भी पड़ रहा है। नलकूपों को बिजली नहीं मिल रही है। मेरा केन्द्र सरकार से अनुरोध है कि वह स्वयं इस मामले में हस्तक्षेप करे और बिजली के कर्मचारियों की हड़ताल को समाप्त कराए जिस से वहां का अंधेरा दूर हो तथा उद्योग घन्धों और कृषि के कार्यों के लिए बिजली की सप्लाई हो सके।

MR. CHAIRMAN : You have said whatever you wanted to say and you have said. But it is a State subject.

SHRI CHANDRAJIT YADAV (Azamgar) : Sir, he has raised a very important issue. I was in Lucknow only yesterday. Two Minister had gone, but nothing has come out. The whole State is suffering...

MR. CHAIRMAN : The procedure has to be observed. He has mentioned his point. It is there.

SHRI CHANDRAJIT YADAV : Something must be done. The Government there has, really speaking, failed to find any solution. The Central Government must intervene.

MR. CHAIRMAN : Your observation does not come into this. He has already said what he has said. Why are you worried ?

SHRI CHANDRAJIT YADAV : I come from that State. My people are suffering. Please ask the Government to do something in that regard. At least that much, you must say.

MR. CHAIRMAN : The point has been made, and that is enough. Mr. R. L. P. Varma.
