

for manipulation. If you give that back to them for inspection, etc., you give them loopholes for correcting themselves. That leads to problems. While doing so, I request the Government to be very cautious. What happened during emergency? The officials misused the powers. Government should be more cautious in giving more powers to them.

Now I come to 11A at page 8. I think the imprisonment should be more than two years.

In my Constituency more of tan and reptiles exporters are there. You have banned export of cobras and pythons. I have no objection in banning export of cobras and pythons. But you have banned whips and water snakes. Three lakh persons are depending on that. Ban on trapping whips and water snakes may be removed. The trapping is done by Erulas who are most down-trodden and Scheduled Caste people in the country. They trap them and give them to the Muslims for the manufacture of products. But you have given this to Bharat Leather Corporation to export this. This Corporation is going in loss. I request the Government of India to reconsider it and remove the ban and give permission to the private exporters so that Government can get revenue by more foreign exchange.

Finally, I would like to tell you, in this Act if you feel there are lacuna, inadequacy or deficiencies,—I feel there are lacuna, inadequacy and deficiencies—Government should remove them. A fresh Bill may be brought which may cover all the points mentioned by me.

नहीं पाते हैं, क्योंकि हमारी उत्पादित वस्तुओं की गुणवत्ता बहुत ही निम्न स्तर की होती है।
