

[Shri Rasheed Masood]

Employees Association, it has been alleged that one of the major reasons for the failure of the intelligence in Punjab is growing discontentment among the two prime intelligence organizations of the country, i.e. RAW and I.B., and mistrust among the deputationists and the direct recruits.

It is high time Government gives earnest and serious thinking to the question of re-vamping and re-organizing the Central intelligence agencies, i.e. RAW and I.B. on professional basis, so as to make them more effective, efficient and useful.

Through you, Sir, and this august House, I would request the Government to consider the question of constituting a highpowered Committee consisting of experts in the field, and Members of Parliament representing various parties/groups in Parliament to go into all the aspects of their functioning, and to suggest ways and means to make these organizations more powerful and effective.

(vii) Inclusion of Cuttack city under the Centrally sponsored integrated small and medium town development programmes

SHRIMATI JAYANTI PATNAIK (Cuttack) : The city of Cuttack is situated at the bank of the Mahanadi Delta in Orissa. At present, there is no separate sanitary sewerage system for the city. The storm sewerage as well as part of sanitary sewerage is carried through two open drains outfalling into the main rivers Mahanadi and Kathjuri. When the rivers are in spate, the water of the drains cannot be discharged into them, and the inundation is prolonged, causing untold misery to the city-dwellers and damaging large amounts of valuable property. Therefore, it is necessary to implement a separate and effective sanitary sewerage system for the city.

The Government of Orissa has prepared a project to undertake proper sanitary and sewerage works for the city. The cost of the project is Rs. 19,55,30,000. But the State Government is not financially sound to bear the cost of the project. This project will provide complete relief to the inhabitants of Cuttack city from all storms occurring within 80% of confidence band, and practically relief in case of storms occurring in higher confidence band. Therefore, it is necessary to implement the above project.

I urge upon the Government to include Cuttack city under the Centrally-sponsored integrated small and medium town development programmes, and the projects prepared by the Government of Orissa for separate sanitary sewerage system for Cuttack City should be financed fully by the Centre, or efforts should be made to complete the Project with UNICEF assistance.

(viii) Doordarshan Kendra for Sitapur U.P.

श्री रामलाल राही (मिसरिख :.. उपाध्यक्ष महोदय, संचार साधनों में दूरदर्शन की बढ़ती हुई उपयोगिता के ही कारण जगह-जगह पर नये केन्द्र स्थापित किये जा रहे हैं। अब तक देश में लगभग 94 केन्द्र स्थापित किये जा चुके हैं। खेद के साथ कहना पड़ रहा है कि सर्वाधिक आबादी वाले उत्तर प्रदेश राज्य में 17 केन्द्र स्थापित करते समय इस बात का ध्यान नहीं रखा गया कि दो स्थानों के बीच कितनी दूरी है। मिसाल के तौर पर उत्तर प्रदेश में जहां प्रथम केन्द्र लखनऊ में स्थापित हुआ, वहीं लखनऊ से लगभग 200 किलोमीटर की दूरी पर बरेली में तथा 300 किलोमीटर की दूरी पर नैनीताल में केन्द्र बनाए गए। इसके बीच के अनेकों नये नगर
