(IV) Reported march of farmers and agricultural labourers from Red Fort to Boat Club for redressal of their Grievances

**SHRI INDRAJIT GUPTA**  
(Basirhat) : Sir, under rule 377, I wish to raise the following matter :

Several lakhs of farmers and agricultural labourers from all over the country have assembled to-day in Delhi at the call of the Kisan Co-ordination Committee, and have marched from the Red Fort to the Boat Club. They have come to present their charter of demands to the Parliament. These demands include the fixation and payment of

remunerative prices for agricultural produce, control on the prices of agricultural inputs, debt relief for small and marginal farmers, homestead land and adequate minimum wages for agricultural labourers, and a comprehensive public distribution system to ensure supplies of essential commodities to both urban and rural people at cheap rates.

The bulk of the demonstrators outside Parliament House come from those areas of Bihar, U.P., Haryana, M.P., Rajasthan, Maharashtra, Karnataka and Tamil Nadu, where big peasant agitations and struggles have taken place in recent months on the above-mentioned demands, and have been met with severe repression.

It is hoped that the Government will take today's demonstration seriously as an expression of the grievances and legitimate demands of all sections of the toiling peasantry and the farm labourers, and will take early action to satisfy them.

It is regrettable that about 2,000 Adivasi peasants, including women and children coming from Jaipur have been detained at Rewari station where they have also been harassed and arrested by the C.R.P.

**DR. A. KALANIDHI** (Madras Central) : Sir, under rule 377, I wish to raise the following matter :

Coal stock in Ennore Thermal Power Station, Madras will last for only one day. The quantum required for Madras is 12 lakhs tonnes, whereas only 8 lakh tonnes have been sent, and for Tuticorin Thermal Power Station, the quantum required is 9 lakh tonnes for which only 4 lakh tonnes have been sent. There is a massive power cut, and the position of power is very precarious. Madras City is facing a crisis. There is heavy power shut-down for even domestic use. Railway authorities say that they
