Matters Under

है। ट्रेक्टर खराब हो गये हैं। पिछली खरीफ की फसल में बीज की बोरियों में मिट्टी मिली हई थी। किसानों को इस समय बड़ी चिन्ता हो गई है। गेहूं के खेत कम बोएं जायेंगे ग्रीर उसमें गेहूं का उत्पादन कम होगा। राष्ट्रीय ग्राय कम होगी। केन्द्रीय सरकार इस जिम्मेदारी को अपने ऊपर लेक्र प्रदेश सरकार से संपर्क करके समस्या के शीव्र हल का प्रयत्न करने की क्रुपा करे ग्रीर किसी ग्रधिकारी को भेज कर भ्रविलम्ब जांच कराई जाये। सरकार का ध्यान ग्रशाष्ट करने के लिये यह वक्तव्य दे रहा हूं।

(vi) SITUATION IN DELHI UNIVERSITY AS A RESULT OF DELAY IN SOLVING NON-TEACHING EMPLOYEES' DEMAND

SHRIMATI GEETA MUKHERJEE (Panskura): A serious situation University developed in the Delhi Campus due to police intervention lathi-charge on and the arrests of the Delhi University non-teaching loyees and even some of the students. A number of leaders of Delhi Univer_ sity Karamchari Union have already been arrested and some of them suspended from the job by the University authorities. The employees were on hunger strike for their long-stand_ ing demand of wage increase other facilities.

The University authorities instead of trying to settle the dispute through negotiations have taken the path of confrontation and have called police inside the campus, which resulted in the situation stated above. It is alleged that even some anti-social elements were pushed into the Campus to inti_ midate the employees.

The actions of the University authorities and the police have invoked wide spread condemnation by the teachers and students of Delhi University. The DUTA and Students Organisations of various political opinions have condemned the placing of police inside the University Campus.

I request the Education Minister to intervene and take up the question with the Delhi University Authorities so that the disputes be settled through negotiations instead of confrontation.

I also request that all the employees be released and suspensions be withdrawn.

(vii) SUPPLY OF WATER FROM RIVERS NEIGHBOURING STATES TO TAMIL NADU.

SHRI A. SENAPATHI GOUNDER (Paiani): Mr. Deputy_Speaker, Sir, Tamil Nadu is facing drought situation since the monsoon has failed and all dams are almost empty. This has caused double loss, viz. irrigation and power generation. As far as Mettur dam is concerned, the Karnataka Government has not allowed enough Cauvery Hence the whole of Thanjavur district known as the granary of Tamil Nadu is now barren. As for Parambikulam, Aliyar and other dams, the scanty water allowed is totally ab_ sorbed by the hot and dry earth. Hence drought will affect all Tamil Nadu. Due to lack of water in dams power generation also is very poor. There is power cut all over Tamil Nadu which has made all pumpsets idle. Industry also suffers.

The condition of Tamil Nadu warrants immediate steps to be taken by the Central Government. The Central Government should take immediate steps to get Cauvery water to Thanjavur district for irrigation purposes. Tamil Nadu has to depend upon Kerala for power and Karnataka for water. Now there is talk about Krishna water to Madras. So, practically Tamil Nadu depends upon surrounding States for its very survival. It is, therefore, necessary that the Central passes suitable legislation bring the rivers under its control.
