Raising of T.V. Transmission Range of Saharsa District, Bihar

8303. SHRI SURYA NARAYAN YADAV: Will the Minister of INFORMATION AND BROADCASTING be pleased to state:

(a) whether the programmes of Doordarshan Kendra in Saharsa district of Bihar cannot be seen in the entire district;

(b) if so, whether Government propose to increase transmission range of this Kendra;

(c) if so, whether the increased transmission range would cover the entire district; and

(d) if so, the details thereof?

THE MINISTER OF INFORMATION AND BROADCASTING AND MINISTER OF PARLIAMENTARY AFFAIRS (SHRI P. UPENDRA): (a) Yes, Sir. The TV transmitter

at Saharsa being of a radiating power of 100 W operating in UHF Band with a normal service range of about 15 Kms, is not able to cater to the entire district which is of a comparatively larger area.

(b) to (d). There is at present no approved scheme to augment the power of the transmitter at Saharsa. Whereas it is the constant endeavour of Doordarshan to maximize TV coverage in the country, extension of TV service to the uncovered parts of Saharsa district, as also to other similarly placed areas of the country, depends upon availability of resources for the future plans of TV expansion.
