

rational importance. The Indian Institute of Technology, Powai, has been closed down for the last ten days. The students have been asked to vacate the hostel at a very crucial time in the academic semester. Therefore, I think this Parliament is the only forum which can take notice of this grave situation. The Institute has been closed down largely because in my opinion, of the trigger happy nature of the Director who over-reacted to the demonstration of Students which was a very small demonstration. This Institute cannot be kept closed like this. It must be opened. This Parliament must discuss the affairs of the Indian Institute of Technology, Powai, which institution was created by an Act of Parliament.

The second issue is, the Government has been in power for two months, and we do not know what its fundamental attitudes and policies are. For example, we do not know what is their foreign policy whether they are continuing the Janata Government's foreign policy or they are changing it. There are developments in the neighbourhood particularly the India-Pakistan relations which have reached a very crucial stage. I think we must have a discussion in Parliament on the foreign policy of the new Government, with particular reference to India-Pakistan relations.

#### MATTERS UNDER RULE 377

- (i) RELAY HUNGER STRIKE BY THE SCIENTIFIC AND TECHNICAL OFFICERS OF OIL AND NATURAL GAS COMMISSION.

श्री कृष्ण प्रताप सिंह (महाराजगंज) : अध्यक्ष महोदय, तेल तथा प्राकृतिक गैस आयोग के वैज्ञानिक और तकनीकी अधिकारियों ने प्रबन्धकों को नोटिस जारी किया है कि वे 17 मार्च, से रिले हड़ताल करेंगे। यह अधिकारी मकसूर, 1979 में प्रबन्धकों के साथ हुए समझौते को लागू करने के लिए आन्दोलन चलाने वाले हैं। यदि इन का आन्दोलन चलने दिया गया तो इस से उत्पादन पर बुरा प्रभाव पड़ेगा। इस स्थिति को पैदा न होने देने के लिए सरकार को तत्काल कोई कबज उठाना चाहिए। कर्मचारी और अधिकारी वेतन हित की परवाह किये बिना आन्दोलन चलाने पर उत्तारू रहते हैं। सरकार इसका कोई हल जरूर निकाले।
