decide as to which to safeguard first and which not. We are not entering into a discussion about the engineering and other details. It appears from time to time from the questions that are put by some of the Opposition Members-I cannot say all of themthat there is no Government at all. They want to displace the Government, even with respect to such details as these. I am really surprised at this. The Government are doing everything that is possible. But to say: why did you not to go to this nullah and close it and so on-I cannot allow this. I am really sorry.

Shri Jaipal Singh (Ranchi West-Reserved-Sch. Tribes): The hon. Minister of Parliamentary Affairs has told us that on Wednesday the 7th we shall be discussing the Orissa floods. May I suggest that all the floods can be discussed?

Mr. Speaker: The Orissa floods are serious. Thre may be Punjab floods also. But by putting in the floods in some other parts of the country, you minimise the importance of the Orissa floods. Let us address ourselves to it. If there is an hon. Member from Orissa, I do not think he will agree to it....(Interruptions). No more representation so far as this is concerned. I am not going to allow the proceedings to be interrupted for anything that is not on the Order Paper. The hon, Minister of Finance.

Mr. Speaker: Hon. Members want to settle things on the floor of the House, why can't they ask the Minister also?
